Award-winning Hall of Fame musician Bob Egan has certainly taken the path less-travelled. Many of them, actually...

From the farmer's fields and the blue-collar trades to achieving wealth and acclaim at the top of the corporate ladder before a catastrophic and complete fall from grace left Bob with crippling depression, addiction, bankruptcy and financial ruin. With no hope and no future, a single seething sentence from a homeless stranger begging for spare change literally saved his life.

With a glimmer of hope and the ambition of an underdog, Bob painstakingly re-built and reinvented himself as a ground-breaking entrepreneur before leaving fortune behind to live his childhood dream as a musician with Wilco and Blue Rodeo. Perpetually restless, he stepped back from music to enrich his community through fundraising and creating opportunities for youth before pursuing a passion, decades in the making, as an Inspirational Keynote Speaker.
