Performance returns for the Matco Mutual Funds are calculated by Matco Financial Inc. These returns are calculated and reported in Canadian dollars and are historical simple returns for the 3 month, YTD and 1-year periods and annualized compounded total returns for periods after 1 year. They include changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. Matco Fund returns for Series F units are calculated after management fees and operating expenses have been deducted. Matco Fund returns for the Series O units are calculated after operating expenses have been deducted. Series O unit management fees are charged separately outside of this fund. *Series O Management Fees are negotiable based on assets under management. In comparison, the index returns do not incur management fees or operating expenses. Index returns are supplied by a third party. We believe the data to be accurate, however, we cannot guarantee its accuracy.

Management Expense Ratio (MER) is the total of the Fund's management fees and operating expenses. Trading expenses are in addition to a funds MER.

Total Annual Distributions includes income and capital gains.

Commissions, trailing commissions, management fees, brokerage fees and expenses all may be associated with mutual fund investments. Please read the Fund Facts and Prospectus before investing. Mutual funds are not guaranteed, their values change frequently, and past performance is not indicative of future performance. Matco Funds are not available for purchase in Quebec, Newfoundland & Labrador, PEI, New Brunswick, or the Territories.
