Steve Yapp

Owner
PODS of Tri-Counties
Oxnard

Steve Yapp, franchise owner of the Local PODS service provider, serves the community by making giving back part of his business model. Since opening his doors in 2005, Yapp has used his budget, trucks, fuel and employees to help support charities.

Yapp has donated PODS containers and moving and storage services that have allowed 70 local nonprofits to more efficiently serve the communities of the Tri-County area. Since 2011, Yapp's donations have saved non-profits more than \$150,000 in moving, storage and logistics costs. In 2013, Yapp helped create a new dimension to Ventura County's cultural event ArtWalk Ventura with a donation of 16 PODS containers. These artistic containers were placed throughout downtown Ventura and the city's west end, connecting the mini galleries with more than two-dozen traditional galleries.
