About Sacré Cœur

Founded in 1888 by Saint Madeleine Sophie Barat, Sacré Cœur is an independent Catholic girls' school for students from Prep to Year 12. As part of a global network of more than 150 Sacred Heart schools across 42 countries, we connect students to an international community through partnerships, sister-school immersions and collaborative learning opportunities. Our approach to education combines academic excellence with a deep commitment to the wellbeing and personal growth of every student. We are dedicated to nurturing confident, compassionate and future-ready young women equipped with the knowledge, character and resilience to thrive in an ever-changing world.

Reflecting our strong international outlook, our Short-Term Study Programme offers students from overseas the opportunity to experience life in an authentic Australian school environment while developing their English language skills and intercultural understanding. Participants attend mainstream classes alongside local students, take part in a diverse range of academic and cocurricular activities, and are encouraged to share their own cultural perspectives within our inclusive, welcoming, and supportive school community.
