

Role Description Teacher

Introduction

In our Sacred Heart school there has been a long tradition of particular care for every student. It is the policy of Sacré Cœur to live out the values that reflect its Sacred Heart tradition. These values are embodied in the Goals of Sacred Heart education, which are:

1. A personal and active faith in God
2. A deep respect for intellectual values
3. The building of community as a Christian value
4. A social awareness that impels to action
5. Personal growth in an atmosphere of wise freedom

Sacré Cœur places an emphasis on serious study and academic excellence. The curriculum is designed to engender the integral development of pupils, encouraging physical, intellectual, moral, creative and spiritual growth in a supportive and co-operative learning environment.

At Sacré Cœur we aspire to the highest professional standards. This is reflected in the quality of the relationship between staff and students, the learning environment created, the concern for each individual and a hard-working, conscientious approach to class preparation and correction.

Teachers are powerful role models and uniquely placed to influence young people, to encourage, affirm and inspire them to fulfil their potential. At Sacré Cœur teachers are expected to live the goals of Sacred Heart education. They must take a leadership role in building up the community of the school, beginning with their own classrooms where the highest standards are expected of all and everyone is treated with respect and charity. Teachers are in a position of great trust and must keep faith with students, parents and colleagues by always following through, keeping their word and demonstrating integrity.

As teachers we are lifelong learners, open to growth and willing to explore new ideas. We need to be reflective people, ever reviewing and evaluating our ideas and practices with a view to improvement and readiness to share and learn from each other.
