

Agora3.0 Innovation Grant Call Application - Postdoctoral Researchers

16th February 2026

The Agora3.0 (<https://www.agora3.com.cy>) is a research project funded by the Research and Innovation Foundation (RIF) of Cyprus. As part of the Agora3.0, there is an opportunity for one postdoctoral researcher to collaborate with the German Medical Institute (GMI) for an innovative research idea. One project will be selected based on its scientific merit, its innovative potential and its ethical compliance to the Agora 3.0 and RIF philosophy.

This Innovation Grant Call is open to postdoctoral researchers who meet the following eligibility criteria:

1. Have completed their doctoral studies in one of the following fields: artificial intelligence in health care, health technology, prospective clinical trials, clinical data management, biomarker research, or other related field.
2. Be under 50 years old.
3. Be available to collaborate with our team on a full-time or part-time basis for a duration of six months on the selected project, with access to and use of our infrastructure. This collaboration does not constitute employment or include coverage of personal expenses.

Innovation Grant Description

The Agora3.0 Innovation Grant provides the selected postdoctoral researcher with access to GMI facilities, infrastructure, expertise, data, and/or specialised equipment.

The grant further enables the researcher to:

- Collaborate with researchers and staff at GMI and Agora3.0 partner institutions
- Co-author scientific publications
- Develop future collaborative research initiatives

Application process

Interested candidates are required to develop a 2-page long project proposal which has the following mandatory structure:

1. Title of the project.
2. Full name of the applicant and personal information including affiliation, email address and telephone number.
3. Short synopsis of the work (350 words maximum).
4. Main hypothesis and/or objectives of the project.
5. Methodology to be used.
6. Budget calculation and timeline.
7. Reference to important literature (please highlight your own work, if applicable).

Please send your application to research@goc.com.cy addressed to the GMI Research Office with the subject: “Agora3.0 Innovation Grant Application” followed by your full name.

If you have any questions, please contact the GMI Research Office at research@goc.com.cy, with “Agora3.0 Innovation Grant Query” as the email subject.

The application’s deadline is 27th of April 2026.

Selected candidates will be invited for an interview to discuss their proposals, and a total of one grant will be awarded. The selected candidate is expected to commence the project in June 2026, or at most by September 2026 depending on circumstances.

The project is co-funded by the EU within the framework of the Cohesion Policy Programme “THALIA 2021-2027”.
