

Annual Funding Goal: \$5,500

KJMC Women's Hub is a supportive community created to care for women affected by war through spiritual encouragement, emotional restoration, and practical support.

That is why we created a special course for wives and widows of military service members.

After the brunches, participants are invited to join the 2.5-month course “Shoulder to Shoulder”, which helps women:

- work through difficult life topics,
- regain inner confidence,
- find spiritual strength and encouragement in God.

We have already completed:

- a pilot version of the project in Kyiv,
- and two brunch events in Vinnytsia.

So far, 16 wives and widows of soldiers have completed the course.

One of the Jewish participants has already begun attending Shabbat services at the local congregation.

OUR GOALS

We plan to develop and expand this project so that in 2026 we can reach even more women with healing, support, and spiritual encouragement.

Annual Budget — \$5,500

Main expenses include:

- facility rental
- meals and refreshments for participants

HOW YOU CAN PARTNER WITH US

We invite you to support this project through:

- a one-time donation
- monthly sponsorship
- prayer partnership

Every contribution brings hope, dignity, and restoration to women who need it most.
