

RENOVATION OF THE LUZHOK RECREATION BASE

FUNDING GOAL: \$86,500.00

WHO WE ARE

For many years, KJMC.Kyiv has served the younger generation and families through camps, spiritual programs, and inter-congregational events. One of the key tools of this ministry is the Luzhok recreation base.

WHAT IS ALREADY FUNCTIONING

- Every year, **2-3 camps** are held at the base, with an average of **130-150 participants per camp**.
- Weekend outings, ministers' meetings, and interchurch gatherings are held there.
- Other churches rent the facility for camps and gatherings of **50-60 people**.
- In 2024, **30 refugee children** from eastern Ukraine were housed and provided for.

FACILITIES

- The base is located in a forest area near Kyiv. The territory has a dining room with **130** seats and a professional kitchen, a hall for meetings for **200** people, and lodging facilities.
- In recent years, two permanent residential buildings with **40** and **50** seats have been built with the congregation's own funds and support.

CURRENT CHALLENGE

Due to their dangerous condition, wooden houses over 50 years old were demolished, reducing the base's capacity by approximately 30 people. Construction of new, all-season residential houses has started in their place.

MAIN CURRENT NEEDS

- Construction and completion of two residential buildings—**\$80,000.00**
- Size: 6×6 m each, two-zone layout with separate entrances. Total capacity: 20–24 people
- Water treatment system—about **\$4,000.00**
- Rope park — **\$2,500.00**
- Kitchen equipment and supplies
- Sports and recreation equipment
- Construction tools
- Vehicle for maintenance needs

SOLUTION

Support for this project will enable us to restore and expand our facilities, provide a safe environment for children and staff, and continue our long-term ministry to the next generation.

HOW YOU CAN PARTNER WITH US

We invite you to support this mission through:

- a one-time donation,
- monthly sponsorship,
- or prayer partnership.
