Eco-Friendly alternatives to party decorations

At Fordhall Farm one of our core values is 'Love Mother Nature'. We know our customers love Mother Nature too, so we are giving you some ideas for some more environmentally friendly decorations. If you're joining us for a wedding or a party, please keep these ideas in mind.

Finding alternatives that won't end up as litter, is really important to minimise the impact we have on our local environment. Each one of these suggestions can be sourced at a variety of different price levels, and so are accessible to everyone. We hope you will work with us to limit our impact on the environment, reduce our carbon footprint and look after our native wildlife and biodiversity.

Balloons

Balloons are generally not recyclable or reusable, and they get caught up in trees when taken by the wind or accidentally let go. Wroset case scenario, they can get picked up by livestock and eaten, causing severe pain and in worst cases death, causing choking hazards for our animals and wildlife.

Below is a list of decorations that could easily replace balloons and are much more environmentally friendly.

Paper pompoms ☞ a nice balloon alternative

- These can be hung as decorations or used as centre pieces.
- They are made out of issue paper and so are easily recycled after they have been used. You can follow these instructions to make them: onelittleproject.com/how-to-make-tissue-paper-pom-poms
- Or you can buy them from the local Hobby craft or Card Factory: www.hobbycraft.co.uk/stores/bridgemere OR www.cardfactory.co.uk

Biodegradable balloons

- If you have your heart set on balloons then we advise the biodegradable balloons from eco-balloons.co.uk
- These are made from a natural product drawn from rubber trees and come in a variety of colours.

Fabric bunting

- These can be purchased online at www.etsy.com/uk/market/fabric_bunting
- Bunting is also really easy to make, especially if you have a crafty streak. You could even recycle any old duvet covers to make this lovely decoration.
- Instructions can be found here: greenecofriend.co.uk/the-easiest-way-to-make-fabric-bunting

Banners

- Paper or card are great alternatives to the plastic decorations. We see these a lot at Fordhall. These are available in most gift or card shops or you can make your own.
- The Card Factory in Market Drayton sells a wide variety.
- They can also be ordered online at www.cardfactory.co.uk/party/shop-by-type/banners-and-bunting

Streamers

- Streamers are made out of crepe paper and can be folded any way your heart desires.
- Once removed, the paper is really easy to recycle.
- Streamers can once again be found at the Card Factory: www.cardfactory.co.uk
- Or at Hobby craft: www.hobbycraft.co.uk/stores/bridgemere

Confetti/Foiletti

Is a micro plastic that often use unsafe dyes. It is not recyclable or reusable and they can also can be a choking hazard for children and animals when they fall on the floor or grass.

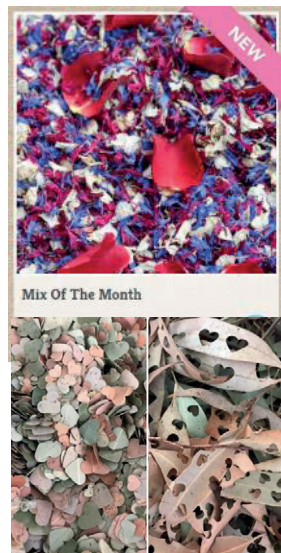

Replacing confetti with either of the items listed below is guaranteed to put a smile on your guests' faces.

Bubbles

- Individual bubble pots create plastic waste, but place these in our recycling bins at the end and the impact is minimised.
- Entertaining for ages 0-100 and bottles can be easily personalised with stickers to suit your event.
- Available at supermarkets and party stores locally including Morrison's, Wilko and B&M.

Dried flower confetti

- Dried flowers are completely natural and so are fully biodegradable.
- We are lucky enough to be less than 15 miles from Shropshire Petals who offer a wide variety of colours and flowers, excellent for all occasions.
- Available at: www.shropshirepetals.com
- Some guests have dried their own flowers from their garden or punched leaves from trees to make their own for free.

We want to make sure you love your events, so choosing alternative decorations allows us all to focus on enjoying the events, rather than worrying about our planet and native wildlife.

Thank you

Fordhall Community Land Initiative

Wedding Cancellation Policy

We recognise that plans can change, and we aim to be as flexible as possible wherever we can. However, we must also protect our business from any incurred costs and/or lost opportunity therefore should you need to amend or cancel your booking the following policy applies:

Cancellations: Cancellations **must** be made in writing (email acceptable) by either of the wedding couple and will be confirmed back to you once actioned, at this point this becomes your cancellation date.

Any confirmed booking (one which has confirmed date, a deposit has been paid and one which has received written confirmation of the booking) is subject to the following cancellation charges* based on notice period given (notice period is time between cancellation date and date of event)

Notice period given >	18 months or more	12 □ 18 months	6-12 months	3-6 months	Less than 3 months
Estimated cost of up to £6,000	£25 Administration fee	£500	25%	50%	100%
Estimated cost of over £6,000	£500	£650	25%	50%	100%

Cancellation charges are calculated as a percentage of the total booking value including extras quoted for at the time of cancellation.

Upon the unfortunate event of cancellation, either of the wedding couple are able to cancel the booking. However, both parties will be equally, fully liable for any outstanding sums.

Any external hire arrangements or bespoke order items booked through us as an intermediary are subject to the providers own cancellation terms.

In the event of a 40% deposit being received and sum of less than this amount being required as per the table above for cancellation, a refund of the remainder will be paid to the same bank account, that was used to make payment for the deposit. The refund will be made within 12-weeks of the cancellation date.

External Factors

The safety of our guests is of utmost importance, therefore, in the event that the Government or local authority declared a lock down or banned any public gatherings, this would permit you to reschedule your wedding or function for another date (subject to availability). In these circumstances we would not be able to offer a refund.

Any functions or weddings that are cancelled, by ourselves, due to unexpected or unforeseen circumstances outside of our control such as pandemics or natural disasters, we will endeavour to reschedule for a future date subject to availability. Please note, if additional costs are incurred by us

to reschedule the booking, these will be passed on to you as fairly as possible. In these circumstances, if you chose not to take the revised date offered to you, we would not be able to offer a refund and full payment of the quote will be required.

We recommend all customers take out the necessary insurance in case of the unfortunate event that you have to cancel your booking.

Reduction of number of attendees: Number of attendees for your wedding can only be reduced as per the below points:

- 4 weeks or more prior to your event, we can accept a reduction in numbers by no more than 25% of original booking.
- 4 weeks or less prior to your event no reduction of original booking numbers will be permitted. Within this period no other alterations to this booking will be accepted.

Postponement

If you need to postpone the date of your wedding or event after the booking is confirmed, the deposit paid can be held and transferred to the new selected date if notice is given 12-months or more in advance.

If you need to postpone the date of your wedding within 12-months of your wedding date then a fee will apply. Please contact us at the time to discuss this.
