Welcome to an inspiring mix of people, perspectives and aspirations

We spend nearly every working hour in and around our historic properties. Their décor and atmosphere are as unique as our members, our guests and our colleagues. And that's exactly why it works for us. Being surrounded by energy, brimming dedication and professional passion simply inspires and motivates.

At Office Club, we have proudly built a truly unique work environment for established professionals that allows our members to keep their attention on their objectives – the rest is carefully handled by us. We are here to offer best-in-class work facilities elevated by art, culture and history, and virtue and diligence are integral to our daily service experience.

We invite you to become part of our history.

Whether you prefer the privacy of your own office or find inspiration in the company of others, you are sure to find it at Office Club.

Each of our historical houses has its own distinct style and atmosphere. We strongly encourage you to come visit and experience all of them first hand.

For those who value the finer things in life

At the beginning of our journey, we were driven by pivotal questions: How do we cultivate the best work experience? What are the essential elements required to forge a professional environment that not only encourages, but actively nurtures the growth of connections, conversations, and a sense of community among its members?

In what ways can we design a space that is not only conducive to work but also inherently pleasant – a place that seamlessly ‘just works’ for everyone?

These questions became the cornerstone of our mission, and Office Club is the answer. Here, we strive to provide an environment where productivity and camaraderie coexist, where every detail is crafted with the utmost consideration for the needs of our diverse memberships.

Office Club is more than just a place to work;
it is a place where work is elevated to an experience.

Choose from the vibrant Lounges, the professional Studio, or the exclusive Suite, each one tailored to meet the individual needs of you and your company.
