Recall #: N232426400 | Tailgate May Open Unexpectedly    Recall Date: 2024 Feb 01

Recall Description

General Motors has decided that a defect which relates to motor vehicle safety exists in certain 2020 - 2024 model year Chevrolet Silverado Heavy Duty (2500/3500 series) and GMC Sierra Heavy Duty (2500/3500 series) vehicles in the US and Canada, and certain 2020 - 2023 model year Chevrolet Silverado 1500 series and GMC Sierra 1500 series vehicles in Canada, equipped with power-unlatching tailgates. Under certain conditions water may intrude into these vehicles' tailgates and come into contact with the electronic gate-release switch, potentially causing a short circuit. The gate may inadvertently unlatch while the vehicle is in Park. If the driver does not manually close the gate before beginning a drive, cargo in the bed of the truck may exit the vehicle and become a road hazard, increasing the risk of a crash. Until the recall is completed, owners should check that the tailgate closed and latched before driving.

Remedy

Dealers will replace the exterior touchpad switch assemblies.
