This vehicle history report is based on information (https://www.carfax.ca/vehicle-history-data) that was reported and available to CARFAX Canada as of August 07, 2025 (or once all the data was collected from our data sources and the report was complete). CARFAX Canada draws on billions of data records from thousands of sources across North America, and we receive new historical data records every day. There may be other information about this vehicle that has not been reported to CARFAX Canada. When buying a used vehicle, we always recommend using a CARFAX Canada Vehicle History Report, along with a vehicle inspection and test drive, to make an informed decision.

Vehicle History Report

Accident/Damage

There are no accidents/damage reported on this vehicle.

Recall #: R25B2 | QX50-55 ENGINE INSP ITB25010 Recall Date: 2025 Jul 16

Recall Description

INFINITI has identified instances of bearing failures in certain vehicles equipped with the 4-cylinder 2.0L Variable Compression Turbo (VC-Turbo) engines. These issues may be attributed to a potential manufacturing defect affecting specific engine bearings namely the main, A-, C-, and L-link bearings or associated engine components. Such defects can lead to engine damage and, in some cases, complete engine failure. INFINITI is anticipating less than 1% of the affected population will require engine replacement following the inspection.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact INFINITI or visit Infiniti's website.
