Summary

I'm a proactive and driven interdisciplinary designer and Webflow developer with over five years of experience in creating intuitive and visually compelling designs. With a keen eye for innovation, I've led multiple projects across digital and visual mediums. Known for my collaborative spirit and dedication to excellence, I prioritize compassion, teamwork, and innovative solutions in every aspect of my work.

Professional Experience

Webflow Developer

Aug 2024 - Present

NEP Services | Los Angeles, California

- Utilizing Webflow to design, develop, and maintain visually appealing and user-friendly websites, ensuring alignment with client requirements and specifications
- Collaborating closely with the web team to implement client specifications and contribute to the creation of impactful solutions from conception to launch
- Providing technical support for web-related issues, contributing to troubleshooting efforts and enhancing website performance
- Applying expertise in SEO, custom code, and CMS management to optimize website functionality and user experience
- Managing DNS settings and ensuring the safety and security of client and in-house websites through regular maintenance and adherence to web standards

Freelance Designer

February 2024 - Present

Freelance | Los Angeles, California

- Collaborating closely with developers and clients to create user-centric designs that meet project requirements and exceed expectations
- Adapting design styles and aesthetics to align with the unique preferences and branding needs of diverse clients and projects
- Actively listening to client feedback throughout the design process and incorporating suggestions to produce optimal results that align with their vision and goals

Web Design Associate

March 2023 - February 2024

The Brand Guild | Washington, DC

- Planning website designs, functionality, and navigation for clients
- Building wireframes & prototypes and turning them into functional and responsive digital products
- Providing ongoing support and maintenance for websites post-launch, addressing any issues, and implementing updates to optimize performance and functionality
- Developing creative designs for marketing packages, including print materials, brochures, banners, and signs
- Collaborating with the social media team to create social graphics, ensuring consistency and alignment with overall brand identity and messaging

Creative Strategist

Dec 2020 - March 2021

InCourage Systems | Fairfax, VA

- Assisting one of the most successful martial arts franchises in Northern Virginia with marketing and operating systems
- Leading in the design, development, and implementation of the graphic, layout, and production communication materials
- Working with editorial, product marketing, social, and creative teams to design marketing video assets
