🌸 Celebrating Mothers and Mother Figures

Mother's Day gives us the opportunity to celebrate the women who have shaped lives through love, guidance, strength, and sacrifice. For some, that is a mother. For others, it may be a grandmother, aunt, sister, teacher, neighbor, or lifelong friend who stepped into that role with kindness and care.

Within the King'sBridge community are countless stories of women who nurtured families, encouraged dreams, offered wisdom, and quietly carried others through life's joys and challenges. Their influence continues to ripple through children, grandchildren, friends, and communities in ways both seen and unseen. Many of the values we treasure most—compassion, resilience, generosity, patience, and faithfulness—have been taught through the steady example of mothers and mother figures.

Mother figures remind us that caring for others is one of life's greatest gifts.

Whether through a warm meal, a listening ear, a handwritten note, or steady encouragement, these acts of love often become the moments remembered most. Even the smallest gestures can leave a lasting imprint on a heart and a family.

This Mother's Day, King'sBridge celebrates all mothers and mother figures with gratitude and appreciation for the many ways they have helped make the world gentler, stronger, and more loving.

A mother is one to whom you hurry when you are troubled.
– Emily Dickinson

📌 Looking Ahead

Living Well, Planning Wisely – Part 3
Wednesday, May 20 | 2:00 PM | Pavilion

Our *Living Well, Planning Wisely* series continues with a topic many residents have requested—Estate Planning. We are honored to welcome Chris Brannon, Partner at Georgia Estate and Elder Law and a member of the King'sBridge Board of Trustees.

Chris is a highly respected Certified Elder Law Attorney who regularly speaks throughout the Atlanta area on topics related to estate planning, elder law, Medicaid, and long-term planning. This presentation is designed to help residents begin thinking about important planning decisions, review what may already be in place, and consider conversations that may still need to happen. This program may also be especially helpful for adult children and family members.

A Mother's Love

A mother's love stays softly near,
Through every season, year by year.

Though time may pass and loved ones part,
A mother's care lives in the heart.

The cashier at Walmart told me, “Strip down facing me,” and by the time I realized she meant the debit card, it was too late.
