Collecting and sending payments for an affiliate program means emails, calls, forms, and spreadsheets — just to accomplish simple tasks like collecting payment info or generating invoices.

With Managed Payments, Everflow handles all key payment components for your program, freeing up time and resources for your team each month.

Through flexible pricing based on monthly payout volume, you'll rest assured knowing your payment processes are taken care of on budget.

What Managed Payments Will Do For Your Program:

Manage Payouts

Our team determines how much your affiliates & partners are owed based on their payment terms.

Partner Setup

We'll ensure new affiliates & partners have everything to receive or remit payments.

Invoicing & Sending Payments

We generate & send invoices based on your schedule. Upon approval, we'll pay affiliates via their preferred methods.

Full Reporting

Receive a report each month of total invoicing & payment activity.
