Payment Issues

Managing five brands via ticket-only support buried Global Healing in manual accounting tasks. **Everflow Managed Payments** unified their multi-brand workflow, freeing the team to focus on scaling instead of processing payouts.

How Did They Do It?

- **Automated multi-brand routing** to eliminate manual invoice splitting and data entry
- **Offloaded tasks to Everflow's team**, like partner tax compliance and VIP bonuses
- **Replaced slow support tickets** with direct team access to resolve payment issues ASAP
