

AI & MCP

AI & MCP Affiliate Management:

Prompt the Next Evolution of Program Growth

Ask Everflow AI: Get Reporting Via Chat

- Skip manual reporting and complex dashboards - turn your questions into instant, actionable insights.
- Instantly find dormant affiliates and top performers, spot trends, and get an overview of performance.

Everflow MCP: Use Agents To Scale Faster

- Use your favorite AI tools like Claude to analyze your program's data, including full-funnel tracking.
- Query post-conversion data in real time, attributing LTV back to the originating partner.
- Prompt AI to map multi-event attribution, automatically assigning proper revenue credit.

How can I help you today?

Hi Mia, ask me anything about your Everflow - in any language. I can look up Offers, Partners, conversations, run reports, and more.
