10 L

GENERAL INFORMATION: This blend contains a unique Sulphur blend. This formulation is designed for soil and foliar applications. It is also designed to work in all soil types and conditions. Apply it as a band in the soil or inject it through drip or micro-sprinkler systems or boom sprayer applications. Application rates will vary depending on soil tests and crop nutrient demands. Rates decisions should be made based on the crops tissue and soil analysis and nutrient demand.

KEEP OUT OF REACH OF CHILDREN AND ANIMALS. ALWAYS READ LABEL BEFORE USING. PROTECT FROM FREEZING.

APPLICATION PRECAUTIONS: Always check compatibility with other products prior to mixing together. It is recommended that soil and or tissue samples be analyzed to determine nutrient levels prior to use. Do not eat, drink, or smoke while using this product. Wear protective gloves and clothing and eye and face protection. Wash hands thoroughly with soap and water after handling this product.

DIRECTIONS FOR USE: This is a highly effective formulation designed to penetrate the soil and plant tissue. Specific rate recommendations should be made based on the crops sulphur demand or tissue analysis. For general applications: Apply 120 – 200 mL of product in a minimum of 95 L of water per hectare (equivalent to 50–80 mL in 10 gallons of water per acre). Do not exceed more than 3 applications per growing season. Please consult with a certified crop adviser for specific rate recommendations. This product must only

be used for corrections of Sulphur deficiencies as determined by foliar and soil testing.

FIRST AID MEASURES: If on skin: Remove contaminated clothing. Wash skin thoroughly with soap and water. Wash clothing before reuse. If in eyes: Remove contact lenses if present and easy to do so and flush with running water for at least 15 minutes while holding eyelids open. Get medical attention. Ingestion: Drink 1-2 glasses of water and induce vomiting. Never induce vomiting or give anything by mouth to an unconscious person. Call physician immediately. Inhalation: Remove to fresh air. If breathing is difficult, administer oxygen.

WARRANTY DISCLAIMER AND NOTICE: The directions for use of this product are believed to be adequate and should be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result due to such factors as weather conditions, presence or absence of other materials, or the manner of use or application, all of which are beyond the control of Vantage Ag, the manufacturer or seller. The manufacturer or sellers make no warranties, guarantees, conditions or representations of any kind to buyer or user. Tests have not been carried out under all possible conditions and the seller cannot and does not represent or warrant that the goods are compatible with all other chemicals or under all use conditions.

In no event shall Vantage Ag, the manufacturer or seller be liable for consequential, special or indirect damages resulting from the use, handling, application, storage or disposal of this product or for damages in the nature of penalties and the buyer and user waive any right they may have to such damages.
