

## WEBINAR

"Protect Your Flock – Practical Biosecurity Guidelines for Caribbean Farmers"

Wednesday, March 25, 2026

1:30 – 3:30 PM (Eastern Caribbean Time)

Start Times: Belize – 11:30 AM; Jamaica – 12:30 PM; Suriname – 2:30PM

### *INFORMATION NOTE*

Thank you for registering for the CPA Biosecurity Webinar. We would like to ensure that the webinar runs smoothly, and ask that you kindly take note and be guided by the following:

#### Link, Recording and Materials

On registration, you would have received an email from the CARICOM Secretariat providing the details for connecting via ZOOM.

To keep the event secure, please do not share the link publicly.

The webinar will be recorded, and materials shared with participants afterwards.

#### Housekeeping

- Please log in a few minutes before the scheduled start to complete audiovisual checks and support a timely commencement.
- When joining the meeting, please provide your name, organization/type of poultry operation and country in your Zoom profile.
- To avoid inadvertent background noises and for timely management, we will mute mics during the presentations.
- If you have questions for presenters, please type them into the chat.
- Questions will be addressed during the Q&A session.
- Where feasible, CPA members are encouraged to arrange a central venue (such as a meeting room) to enable staff, farmers, or support personnel to join the webinar collectively via a single connection. A designated individual should be appointed to record the names and details of each participant, as well as to submit questions for the presenters.
- If you experience any issues with audio, video, or connectivity, please send a message in the chat and a team member will assist.

*We look forward to your participation!*
