400 Sheppard Rd. Voorhees, NJ***

Hi! My name is _____.
Today, I'm going to visit Dr. Dan. He is a
dentist. Dentists help keep our teeth
strong and healthy!

***When I get to Dr. Dan's office, I will walk
in with _____.
There might be other people there too.
That's okay!***

I can sit and play with toys while we wait. I might see books, blocks, or even bubbles! I can pretend I'm in an airplane with _____. That sounds fun!

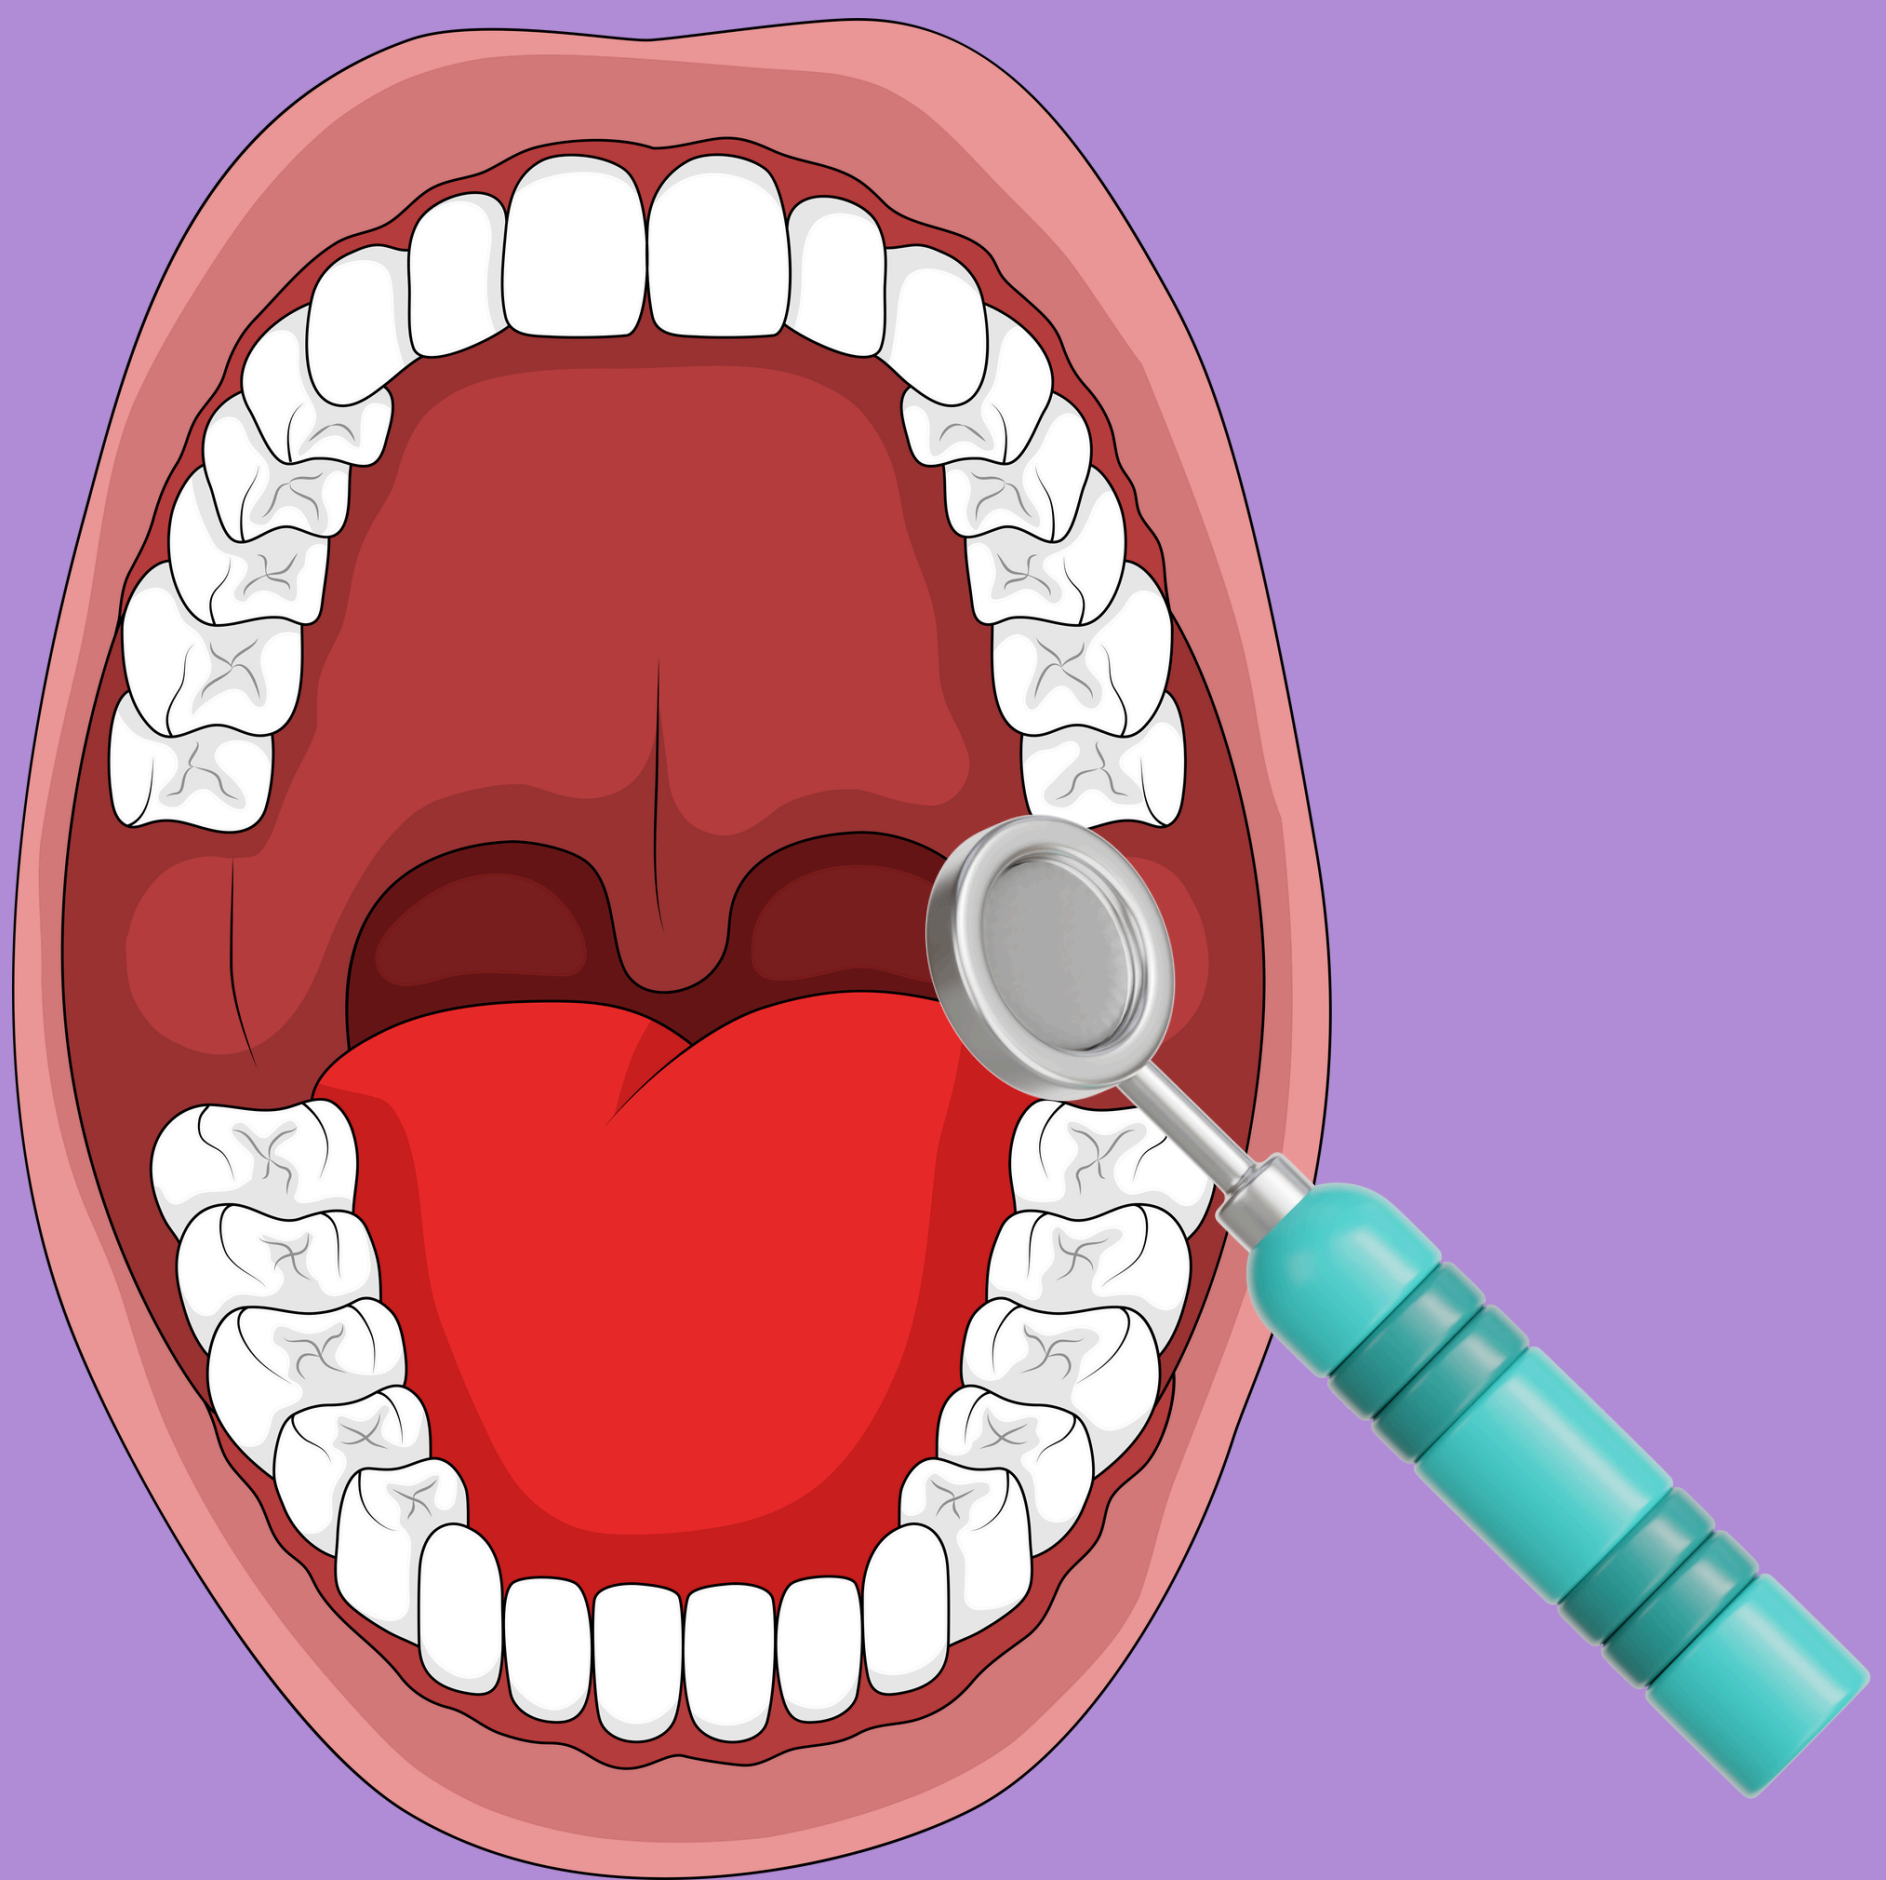

***When it's my turn, I will go with
_____ to meet Dr. Dan. He will wear
a mask and gloves to keep everything
clean. He will smile and say hi!***

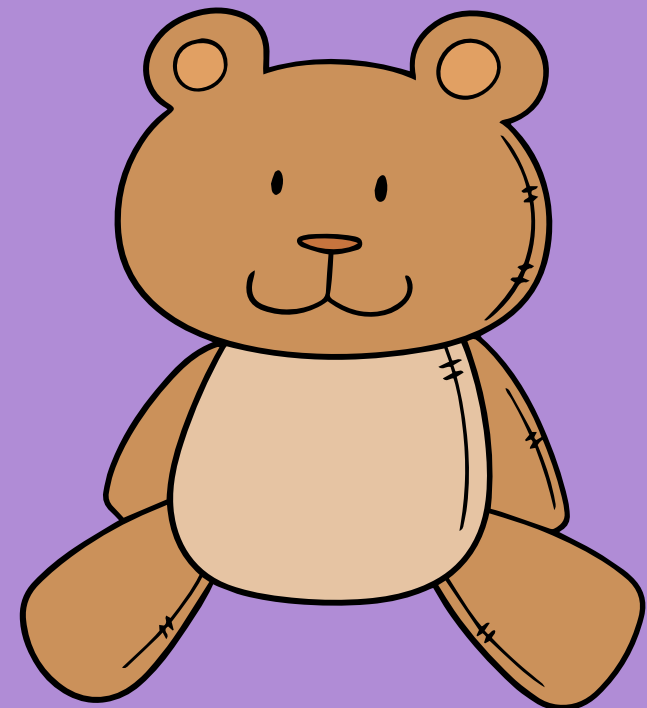

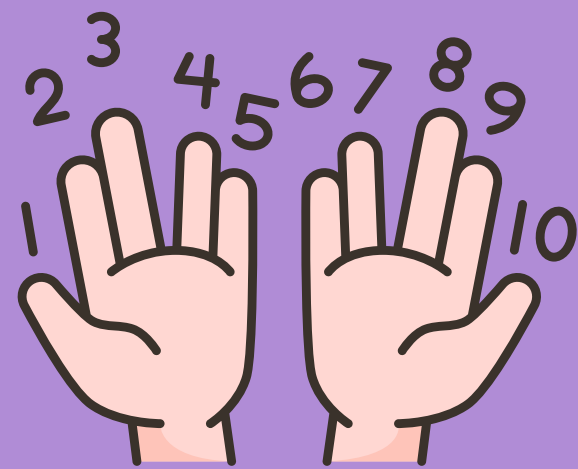

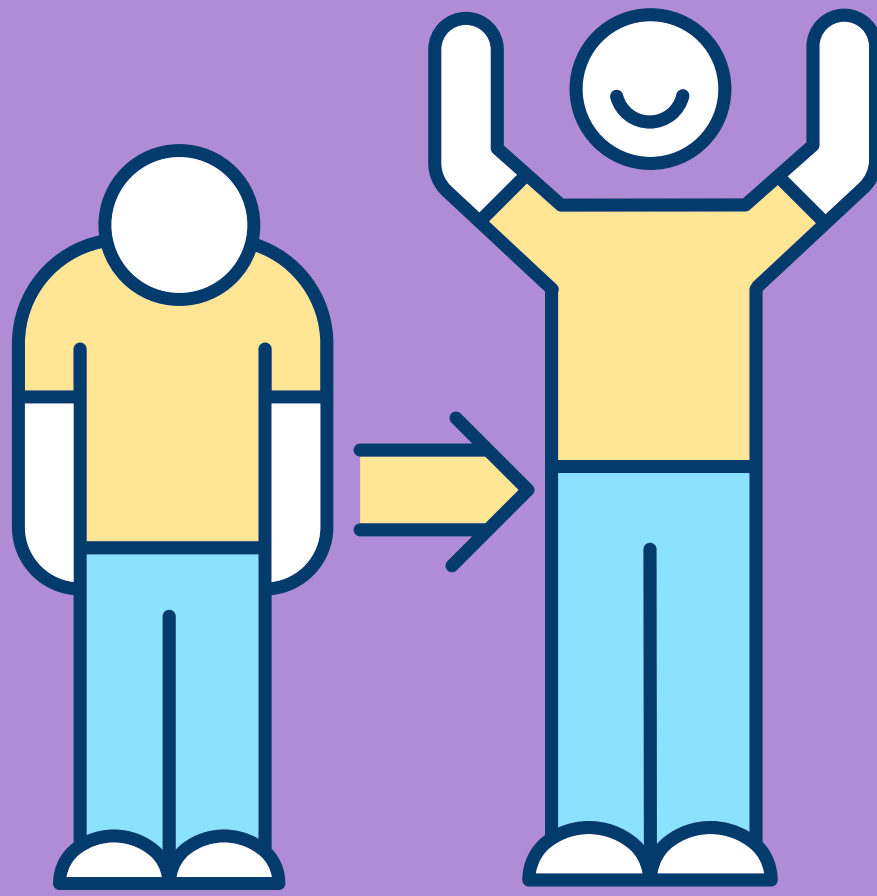

Dr. Dan will check my teeth, gums, and jaw. He wants to make sure everything is healthy and strong.

ROAR!

***Dr. Dan might use a little mirror to look
inside my mouth.
It won't hurt. I can open my mouth like
a lion: ROAR!***

If I feel a little scared, that's okay. To feel better, I have some choices:

- I can hold _____'s hand.***
- I can hold a favorite toy.***
- I can count to 10.***
- I can take deep breaths.***

***When we're all done, Dr. Dan will say,
"Great job!" I can pick a toy from the
prize center. I will feel proud of myself!***

***Going to the dentist helps keep my smile
shiny and clean. I did it! Yay me!***
