THE NEW CO-OWNERSHIP PROGRAM BY

SD AVIATION

IN PARTNERSHIP WITH

OUR STORY

A FAMILY COMPANY BASED ON THREE VALUES :
FAMILY. PASSION. EXPERTISE.

A family legacy

From a family deeply passionate about aeronautics, **Sébastien and Francois DUBREUIL** founded **SD Aviation**, a private jet company, 15 years ago.

After multiple airlines builded by **Jean-Paul and Michel DUBREUIL**, the second generation continues to develop this family business.

Their cousin Paul-Henri is also managing **Air Caraïbes et French Bee, the two long-haul airlines from Groupe Dubreuil.**

MULTIPLE BASES IN FRANCE

SD SHARE

With our experience gained in France, especially the West part where we grouped **more than 60 companies, using 8 aircraft** in a shared ownership system, we wished to offer **a new generation of co-ownership program.**

By offering **a clear and affordable program based on 5 years, with known conditions from the beginning,** we want to offer **the best service and flexibility** to fit with our client's needs, **for a fraction of an aircraft price.** The first program starts with **3 aircraft** with delivery from **January 2027.**

This modern fleet **initially based in Paris and Cannes,** will be equipped with the last technologies like the **“SAFE RETURN”** system. Welcome aboard **SD SHARE,** an innovative program **in partnership with Groupe Dubreuil.**
