What is covered?

The BSP warranty for this BSP Filter Pot Mini covers manufacturing defects, under our standard terms and conditions of sale for a period of 12 months.

If the unit is identified with a manufacturing defect then no charge is made for correcting the defect.

The Vessel Body is manufactured to order and is clearly marked on the vessel body where applicable, with a unique serial number on the bracket leg allowing traceability.

What is not covered?

If a defect or problem arises as a direct result of the connected system, misuse, incorrect handling, incorrect installation or incorrect commissioning, then any visit or additional remedial work is chargeable.

If a defect is identified as a manufacturing defect, it will be addressed as described under 'What is covered'.

Installation costs and/or consequential losses are not covered by this agreement
