

# Auction Wish List Overview

Should you need to find a vehicle that suits a certain criteria, you can use the Wish List function to notify you of auction vehicles that suit your profile. If your dealership caters to a specific profile of vehicles or there is a demand for a certain vehicle type to enter your dealership floor; this is when you would opt to use the Wish List function to capture the details of the vehicle you want to acquire so that you may receive alerts of when the vehicle is available on the platform.

## These features allow you to:

1.

Add vehicles to the Wish List
2.

View your Wish List details
3.

Edit and delete Wish List items
4.

Receive alerts about vehicles

### Manage Vehicle Wish List

From your Wish List grid, you can view, edit and delete your entries accordingly.
