January Mission Trips to Cuba and Colombia

Please pray for our mission teams going to Cuba on January 12-16 with East West and to Colombia with e3 Partners on January 14-18 to share the gospel and see the work of our indigenous leaders firsthand. Please pray for the planning, logistics and travel involved and for the hearts of those who will hear about the Lord.

Following Up and Building on New Contacts Made at Christmas Services and Events

Each Christmas, many who do not know Christ and some who never heard of Him listen to gospel presentations or go to Christmas services or events for the first time. Often they want to learn why there is such joy about the birth of Jesus Christ when most religions tend to be somber and joyless. Please pray for opportunities for our partners and missionaries everywhere to build relationships with those drawn to learn more about our Lord.

Matthew 4: 16.

Talking to the Unreached Who are Reporting Dreams about the Lord

Our partners at Biglife are working with a ministry in security sensitive areas to reach those reporting dreams about the Lord. Over 1800 people in two mission priority countries have indicated having such dreams, with almost two dozen expressing a desire for spiritual conversations. Pray for discernment and security in this effort. Pray also for two leaders, Adam and Paul, recently diagnosed with cancer. You can learn more about this outreach effort at this link:

From Heart Language to Heart Transformation: Bringing Jesus to Kenyan Sign Language

DOOR International’s report about Riziki is One More Important Reason Why Doulos is Helping Complete the Kenyan Sign Language Bible:

“Riziki is a young Deaf girl from Kenya.

“She grew up in a hearing family that never learned sign language. Like many Deaf children in similar situations, she had no access to language at home. She did not learn sign language until she was sent to a Deaf school.

“Riziki was born into a Muslim family. Had she been hearing, she likely would have attended the mosque regularly and been taught the Quran. But because her parents did not know sign language, she was sent to a Deaf school instead.

“At that school, Riziki met Deaf Kenyan missionaries who shared God’s Word with Deaf children. When she arrived, she did not yet know sign language. One of the first things she learned was her name. She was given a name sign by the other children. As she learned to sign, she also learned about Jesus.

“Through God’s Word in Kenyan Sign Language, Riziki learned that her Savior had always known her name, that she was known and loved, and that she was created in His image. This was possible because Scripture was available in her heart language and because a Deaf Kenyan missionary faithfully came to her school each week to share God’s Word.

“Today, Riziki knows the name of her Savior. She has grown, and she is now sharing the Gospel with other Deaf children at her school, other children who are just beginning to learn language and to learn their own names.

“Riziki knows Jesus because someone shared God’s Word with her in a language she could understand.”

“Love is an Action. It is Not Passive.”

Click the link below to see a short video from our friends at Every Home for Christ about one of the Lord’s very faithful servants in Argentina. This faithful brother, affectionately called Rino, recently gave instructions about loving God and loving our neighbor. He said that, “Love is an action. It is not passive.” Let us follow Rino’s advice and example.
