Celebrating & Praying with The Timothy Initiative

“Pray for the over 400 Tituses, since 2025, in Ghana as they continue to walk out in faith. Pray for them to be deeply rooted in the Lord and to seek Him above all else every day. Pray that they walk out as ambassadors faithfully and that the Holy Spirit gives them the words to say at all times.”

“Praise the Lord for the over 900 salvations that have taken place in Liberia since the beginning of 2025. It is so good and so wonderful to see some many salvations in this area and to know that the Lord has his hand over this country. Pray for more salvations and pray that there be a church in every village in Liberia.”

1 Timothy 2: 1, 3-4

Prayer and Praise Requests from Our Partners at Biglife

Benin: “We received a report that six new believers in a remote, unreached area of Benin were obedient in water baptism.”

Central Asia: “Please join us in praying for Ryan and Luke, who will be arriving in a security-sensitive area in Central Asia next week [latter part of September] to support a family who is faithfully laboring to multiply disciples. Pray for persons of peace to be found, for believers to be equipped, and for laborers to be encouraged and strengthened.”

Niger: “Pray for leaders in the African nation of Niger who have a goal of reaching five new areas with the Gospel over the next three months. Ask the Lord to give them boldness, wisdom, discernment, and open doors into these areas.”

Thailand: “We received this report yesterday from our leaders in Thailand...

‘Today was special! Two different regions in Thailand both had baptisms today. This is the first time this has happened. Praise Jesus! Please pray for these new believers that their “soil” will be nurtured and become healthy and fruitful! We are thankful for our disciples that are faithfully reaching out to the lost and sharing the good news in some of the darkest places on earth.’”

Mark 4: 14-20.

Joining New Generations in Prayer

Nepal:

“Pray for a Nepali DMM family from this region with whom we have lost contact.”

“Pray for Ramani from Nepal, who is traveling on foot to places along Nepal’s border with India to start Discovery Bible Studies. She met the Lord in a Discovery Bible Study herself at a very low point in her life and has now started several others. One of them is now a church.”

Psalms 127: 1.

Lifting Every Home for Christ in Prayer

Pray as Every Home has initiated evangelizing military and police personnel. Pray God provides intelligence, wisdom, and courage to bring people to Jesus.

Pray for three brothers who were once government teachers. Because of their faith, they are no longer allowed to teach in government schools. Pray for favor.

Proverbs 11: 14.

Praying with e3 Partners

Pray for brothers and sisters experiencing persecution. Praise God that Brother A* was released from prison! He has health issues from the abuse he endured, so please pray for healing and for brothers still being held. Sister Ani* was threatened – her entire village stood up for her. Yet now, another radical group is causing trouble. Ani* and her family had to flee. The persecutors are pressuring believers to worship idols. Cry out to God! Pray for courage, strong faith, and protection.

Matthew 5: 11-12.

“For all of our ministry partners, workers and families in the field.”

Ephesians 3: 20.

BEYOND THE CAPITAL

From Our Ministry Partner: New Generations

“If you’d looked at the map of this country in Central Asia a year ago, the picture was stark. Nearly 98% of all churches were located in the capital city. Beyond it, there was almost nothing. Vast regions... major cities... and entire communities with little to no Gospel presence. For years, ministry activity remained concentrated in one place. Faithful work was happening, but the reach was limited. The capital was growing. The rest of the country? It was largely untouched. It would have been easy to accept that reality as fixed. Instead, something began to shift.

“Over the past year, New Generations’ focused commitment to new territories and growing an existing sports movement have changed the landscape. What once existed in a single location has now expanded to ten. That’s ten locations, in one year. The number of leaders has grown fivefold. Missionary potential across the country has increased significantly. What once felt contained is now multiplying. Six different sports clubs have launched, which have created natural gathering spaces for young people. Hundreds of teenagers now train regularly and hear stories from Scripture two to three

times each week. They aren't just listening. They are memorizing these stories, discussing them, and sharing them with others. This year alone, 13 Discovery Bible Study groups have begun. Twenty people have been baptized!

"In a country where the Gospel presence was once almost entirely confined to the capital, new expressions of church are taking root far beyond it. And one of the clearest pictures of this shift comes from two families.

After completing their training, these families moved to one of the least reached cities in the country, a place with almost no existing Christian presence. They didn't arrive with a large event or a public announcement. They arrived with simple Disciple Making Movement principles and a willingness to build relationships through sports.

Through practices and conversations, they connected with local people. They opened Scripture in small, natural settings. They listened. They asked questions. They invited others to do the same. And before long, the first house church in that city began meeting.

"In just a few months, more than 300 people from another faith background have heard the Gospel. Three hundred people... in a place where almost no one had heard it before. What is happening in Central Asia is the result of multiplication taking root. Leaders are being equipped. Families are going. Young people are engaging in Scripture. Groups are forming. Churches are beginning.

"The capital is no longer the boundary, and the story is still unfolding. The team is now focused on further disciple and church multiplication strategies, trusting that what has begun beyond the capital will continue to spread. In a nation where the odds once felt overwhelming, new territory is opening. And the Gospel is moving beyond where it used to stop."
