

Trade Management & Compliance

Mallory Alexander helps you navigate complex trade regulations with complete control and accuracy. Through our M-PACT Solutions team, we support compliant operations while identifying opportunities to reduce risk and cost.

Let Us Solve Your Biggest Challenges

- ✓ Compliance risk and audit exposure
- ✓ Navigating changing trade regulations
- ✓ Missed savings opportunities
- ✓ Expanding into new markets

We're your one-stop partner for:

Experienced trade compliance expertise

Classification and HTS accuracy

Savings-oriented compliance strategies

Integration with brokerage and freight

Compliance and Advisory Services

Our compliance professionals provide in-depth field knowledge and practical understanding of international trade, providing customized consulting to reduce risk. We help improve your strategy on internal controls to strengthen your global operations.

Classification Reviews & HTS Updates

Reviewing product classifications and updating HTS codes to improve accuracy and compliance.

Compliance Procedure Alignment

Ensuring internal processes and documentation align with current regulatory requirements.

Duty Optimization Strategy

Identifying opportunities to reduce duty exposure while meeting compliance standards.

New Market Entry Support

Advising on compliance considerations when expanding into new countries or trade lanes.

On-Call Advisory & Training

Providing ongoing guidance and training to support audit readiness and internal teams.

Let's discuss your trade compliance needs.

Connect with the Mallory Alexander team to review trade management solutions aligned to you.
