

White Glove & Final Mile Delivery

Mallory Alexander provides specialized final mile delivery services for freight that requires additional handling, care, or coordination. Across the U.S., our white glove solutions support high-touch deliveries, installations, and recoveries.

Let Us Solve Your Biggest Challenges

- ✓ Missed delivery appointments and reattempts
- ✓ Limited access to specialized equipment
- ✓ Damage risk at delivery locations
- ✓ Tight project and installation schedules

We're your one-stop partner for:

Nationwide white glove coverage

Specialized equipment and trained crews

Consistent delivery standards across locations

Around-the-clock coordination and support

Premium Deliveries Nationwide

Our premium delivery experience ensures both the product and location is protected by providing floor protection, specialized handling, and debris removal options. Around-the-clock support and strong on-time performance keep your project schedules on track, across any number of sites.

Specialized Delivery & Inside Placement

Coordinating delivery and inside placement to meet location-specific handling requirements.

After-Hours, Weekend, & Scheduled Install Support

Supporting delivery windows outside standard hours and ensuring every expectation is met.

High-Capacity Liftgate & Specialized Equipment Access

Providing access to equipment required for nonstandard delivery sites or conditions.

On-Site Labor, Packing, & Floor Protection

Managing resources, requirements, and site protection during delivery and setup.

Asset Recovery & Removal Services

Handling reverse movements when needed to support the project's full lifecycle.
