

Licensed Customs Brokerage

Mallory Alexander's licensed customs brokerage team manages classification, filings, bonds, agency coordination, and more, to prevent delays and surprises within the clearance of your import and export shipments.

Let Us Solve Your Biggest Challenges

- ✓ Broker delays and holds
- ✓ Navigating regulatory complexity
- ✓ Avoiding duty and tax surprises
- ✓ Limited status updates and visibility

We're your one-stop partner for:

Licensed brokers meeting ISO standards

Integration with air, ocean, domestic, and warehousing

Staying informed when compliance policies change

Reducing duty and tax exposure

Services for U.S. and Mexican Imports and Exports

Our experienced professionals provide accuracy, regulatory adherence, and ongoing attention to trade regulations and policy changes. We're here to reduce the risk of delays and make every process predictable. In addition to U.S. services, we also provide Mexican customs brokerage services through any Mexican port of entry.

Classification & Filing

Handling product classification and customs filing processes to support entry submission and clearance.

AMS/ISF & AES Support

Preparing and submitting required advance filings such as AMS, ISF, and AES.

Bonds & Pre-Clearance Coordination

Coordinating customs bonds and pre-clearance processes to prevent delays with U.S. Customs.

Multi-Agency Coordination

Managing communication with U.S. Customs and other agencies as required by commodity or shipment type.

Status Updates & Documentation Access

Serving as one place for centralized visibility throughout the clearance process.
