

# Ocean Freight FCL, LCL, & Breakbulk

For global imports and exports, let us handle your ocean booking, compliance filings, drayage, transload, warehousing support, and final delivery. With our deep experience across industries and core trade lanes, including Asia-U.S. U.S. global exports, and Mexico global exports, we drive reliability for your supply chain.

## Let Us Solve Your Biggest Challenges

- ✓ Unpredictable schedules and rollovers
- ✓ Port-to-port fragmentation
- ✓ Documentation and compliance errors
- ✓ Avoidable accessorial costs

**We're your  
one-stop  
partner for:**

FCL, LCL, & breakbulk import/export expertise

A control-tower approach to your trade lanes

End-to-end execution, beyond freight forwarding

Proactive exception management

## End-to-End Ocean Freight Management

Mallory Alexander manages full container load, less-than-container load, and breakbulk shipments across major global trade lanes, coordinating each movement from origin through final delivery. Our team oversees documentation, regulatory requirements, and execution to ensure ocean freight moves predictably and efficiently.

### FCL & LCL Import/Export Management

Handling carrier coordination, shipment execution, and documentation across global trade lanes.

### Cross-Border, Door-to-Door or Port-to-Port

Moving FTL and LTL loads door-to-door anywhere from the U.S., Mexico, and Canada.

### In-House Coordination for Drayage & Final Mile

Making your end-to-end logistics simpler for you, by being your one-stop provider.

### Customs & Compliance Support

Integrated support to manage regulatory requirements, filings, and clearance processes.

### Transload, Staging, & Project/Breakbulk Support

Taking care of your requirements for non-containerized shipments and coordinated logistics.
