

Rainforest Youth Summit (RAYS)

Sponsorship Opportunities

The Rainforest Youth Summit is a youth-driven initiative,

organised annually by the Sarawak Tourism Board, that brings together young leaders and emerging sustainability stewards across ASEAN and around the world to engage in meaningful dialogue and impactful actions for environmental conservation, climate action, sustainable development, and youth advocacy.

RAYS explores the interconnected relationship between people and nature, highlighting the role of Indigenous wisdom, adaptive innovation, and collaborative efforts in ensuring environmental resilience and shaping a sustainable, equitable future.

Youth: Many Ways, One Planet

Summit Thematic Areas

Reconnecting with the natural world through a deeper awareness of nature, sustainability, and climate adaptation. This theme invites us to live in balance — to listen to the rhythms of the planet and nurture practices that allow both people and ecosystems to thrive in harmony.

Exploring how different systems of knowledge shape our understanding of the world — from the wisdom of Indigenous knowledge and the precision of modern science to alternative methods that bridge tradition and innovation. Together, they remind us that learning has many paths, each offering a unique way of seeing and relating to the Earth.

Recognising the shared duty to shape a just and sustainable future through thoughtful policies, inclusive governance, and responsible leadership. By embracing intergenerational collaboration, this theme calls on us to act with integrity and compassion for the world we will pass on.

Partner with us

Climate Action & Environmental Sustainability

Champion biodiversity protection, sustainable development, youth-led climate action, and environmental stewardship in the region

Youth Leadership & Advocacy

Empower and build capacity of the next generation of leaders across ASEAN and beyond to co-create a more sustainable and just future

Global Citizenship & Shared Responsibility

Foster cross-border engagement and intercultural exchange that inspires youth to take collaborative responsibility for our shared planetary community

Equality, Diversity & Inclusion (EDI)

Support underrepresented voices in environmental and sustainability dialogues on a global stage: youth, indigenous communities and women

PRESENTING SPONSOR

Presenting Sponsor

-  **Official Mainstage Presenting Partner** with **stage naming rights** and **Mainstage brand visibility**, placing your organisation at the heart of the summit experience and attendee attention
-  **Branded RAYS Scholarship** for **50 ASEAN youth** who are driving climate action and sustainability efforts, including those representing underrepresented communities, supporting their participation in RAYS 2026
-  Designated **Exhibition Booth/Space (XL)** showcasing your organisation's initiatives and impact in environmental sustainability and climate action
-  Dedicated **Stage Session at the Opening Ceremony** spotlighting your organisation's leadership, vision, and commitment to sustainability leadership
-  Prominent **Brand Recognition** across the summit's physical and digital touchpoints, strengthening your organisation's position as a regional and global leader in sustainable development and youth empowerment

Presenting Sponsor

Sponsor Benefits:
