

# JOIN US FOR A NEIGHBORHOOD GATHERING

## To Save Maple Leaf's 94th Street Grove

In front of 1533 NE 94th St, Maple Leaf

### What's Going On?

Join us to honor and raise awareness about this huge native grove, poised to be removed for profits and convenience.

New housing can coexist with these trees. Simply moving the proposed buildings closer together would preserve almost every tree.

Please join us in asking the developer, Greencity Homes, and the City to protect this grove.

This grove is one of 22 super-groves in Maple Leaf. It is:

- 🕒 **Over 100 years old**, probably planted as natural flood control.
- 🔥 **Seattle's natural defense** against climate change.
- 🌲 **Like a mini-mature forest**, mimicking the biodiversity and habitat of our PNW mature forests.

### Join Us Sunday

Join us for a neighborhood gathering to let the city know we want this large grove to stay.

1533 NE 94th St, Maple Leaf

Sunday, January 11, at 2 p.m.
