Update on consumables available via Medway Practice

As part of an ongoing review, a small number of consumables have been **removed or consolidated** from the range we offer.

What this means for your practice:

- A select range of consumables will no longer be available to order from us
- This includes the ‘additional items’ request function
- There is **no change** to your ability to order available consumables or any other features of Medway Practice

A full list of consumables currently available can be accessed via Medway Practice (practice.medway.com.au).

To review items that are no longer available, please see the following pages.

If you have any questions about previous orders or suitable alternatives, support is available via your Customer & Commercial team or the Medway Practice support team.

Dorevitch Pathology

Added Items

Discpline	Name
Blood collection (Evacuated)	Tube Plain Red 10ml
