ALYSE CHICKEY
PRESIDENT

"OUR COMPANY IS YOUR PROJECT"

Eastern Coast Construction is a Small Business Administration (SBA) Certified Woman Owned Disadvantaged Small Business (WOSB) Design Build General Contractor specializing in management services of design and construction. Our performance surpasses industry standards, and we build with the intention of exceeding our clients' expectations within safety, quality, functionality, and design. These traits allow Eastern Coast to be a best-value industry leader for Government, Commercial, and Luxury Residential contracting.

Our team is comprised of experienced construction professionals, designers, and engineers that allow Eastern Coast to perform a wide range of contracts.

We can guide your project in all phases of Design Build and Design Bid Build construction ranging from New Facility, Historical Building Renovations, Infrastructure Improvements, and Waterfront/Pier projects. Additionally, our division 6 self-performance is unmatched in the Federal small business area allowing enhanced quality control and significant labor to meet strategic project deadlines.

Finally, our significant bonding and industry partners, and past performance make Eastern Coast a guaranteed, low risk choice.

Woman Owned Small Business

OUR PHILOSOPHY IS QUALITY

Our family business originated in 2008, which focused primarily on small scale residential projects. Over time, Eastern Coast has evolved into seasoned design-build construction management company and division 6 self-performance with significant experience in federal and commercial projects of all types. Additionally, our twenty years of Federal and Department of Defense (DoD) Contracting Key Member experience makes our team a low risk winning choice. Construction is not only a passion but a past time. Life has a special way of coming full circle. My father was a builder, and I am proud to continue the tradition and build for those who serve.
