A Word From Coach Roberts

Here we go! We're in a great place with the program! The work the players, staff and alumni have put off the field has laid a powerful foundation for us to produce on the field. We're not just ready to compete; we're ready to execute at the highest level and take this program to new heights. The culture is strong, the energy is electric, and we're all-in for something special this year.

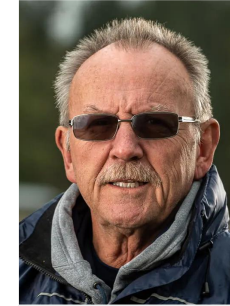

See you on the sidelines,

Adam Roberts
Head Coach, WWU Men's Rugby
