NIK BRIDGES

UX/UI DESIGNER

Portland, OR | nikmercurybridges@gmail.com | (918) 810-6989

PROFESSIONAL EXPERIENCE

WEB DESIGN & DEVELOPMENT FREELANCER   2023 – PRESENT
Projects

- ❖ Desert Diamond (March 2025-PRESENT): Front-end design and development of a website for a small business specializing in solar cleaning, including establishing secure hosting, email servers, wireframing, and prototyping
- ❖ Tulsa Festival Ringers (August 2024-PRESENT): Front-end development of a website for a non-profit music organization from pitch to launch, including logo design, scalability, interactive components, and accessible UI
- ❖ Small Groups for Students of Color (April - June 2024): Graphic design of digital and print products for multiple local school counseling programs, including McDaniel High School and Lewis & Clark Graduate School
- ❖ Harmony (2023): Multidisciplinary digital design of game design documents involving a concept brief, typography, UX/UI elements, composition, and level design for Ghost View Studios, an animation and video games studio

LEAD DESIGNER   2020 – 2022
Crafton-Preyer Theatre

- ❖ Lead Sound Designer for *Head Over Heels (2021-2022)*: Mixed and produced sound for a live digital audio system, leading a small team in collaboration with other departments designing for a 2hr 40min runtime performance
- ❖ Lead Costume Designer for *Changemakers (2020-2021)*: Designed and produced a full 21-cast wardrobe while navigating a resource-limited setting and successfully observing Covid-19 guidelines

UX DESIGNER   2018 – 2020
Murphy School of Music

- ❖ Contracted to build a digital music app for a marching band; facilitated secure-access music library and distribution
- ❖ Collaborated with a small cross-functional team to research, design, prototype, and successfully launch product for over 300 Android/iOS users; iterated design based on user feedback and provided tech support post-launch

SKILLS & SOFTWARE

UX Research	Autodesk Inventor	Google Workspace	Adobe Creative Cloud
Data Analysis	Blender	InVision	Acrobat Pro
Wireframing	Canva	Microsoft 365	After Effects
Prototyping	Cinema 4D	Miro	Illustrator
Usability Testing	Figma	Sketch	Photoshop
Problem Solving	Final Cut Pro X	WordPress	Premiere Pro
