PATCH MY PC

SOFTAILOR

# Trusted by leading enterprises worldwide

## By the numbers

**10,000+**  
customers

**30M**  
endpoints

**3,400**  
supported apps

**150**  
team members

## Security & Compliance You Can Trust

- Cloud services hosted in **Azure**, supporting regional US/EU **data residency**
- **SOC 2 Type II, GDPR, and ISO 27001** aligned practices
- **Zero trust** mindset:  
[curated app catalog](#),  
[no crowdsourcing](#)

## Built for Enterprise Environments

- Proven in large customer environments with **150K+ endpoints**
- **Native integration** with Intune, ConfigMgr & WSUS
- Leverages **trusted vendor APIs** for real-time compliance and insight (MSRC, NIST, Dell, Lenovo, Red Hat)
- **Enterprise onboarding & Follow-the-sun support** from experienced system admins, architects and Microsoft MVPs
- **Environment Reviews** to keep you up-to-date on new features and best practices

# Clear positive ROI

## Time & costs down

- On average 5,000 hours of manual work saved
- Much higher potential for large enterprises who regularly use 500-1000+ apps in the Patch My PC catalog

## Security & compliance up

- Patch My PC helps build a fortress around one of the softest parts of your environment
- All documented for your compliance requirements
