OVERVIEW

Alt-QM guidelines are structured to guide its users towards making common sense lending decisions on loans to borrowers who may have limited access to credit. These borrower's situations generally require the consideration of alternative forms of documenting income and/or compensating factors which offset risk indicated by a recent credit event or elevated debt-to-income ratio.

Loans eligible for sale to a Government Sponsored Entity (Federal National Mortgage Association ("Fannie Mae" or "FNMA") or Federal Home Loan Mortgage Corporation ("Freddie Mac" or "FHLMC") are not eligible for the Alt-QM programs.

Borrowers with a loan under the Investor Program must certify that they understand that consumer protection laws applicable to consumer loans will not apply to their business-purpose loan, including the Truth in Lending Act (15 U.S.C. § 1601 *et seq.*), Real Estate Settlement Procedures Act (12 U.S.C. § 2601 *et seq.*), Gramm-Leach Bliley Act (15 U.S.C. §§ 6802-6809), Secure and Fair Enforcement Mortgage Licensing Act (12 U.S.C. § 5101 *et seq.*), and Homeowners Protection Act (12 U.S.C. § 4901 *et seq.*

UNDERWRITING

All files are manually underwritten.

INTEREST CREDITS

Loans closed within the first 5 days of the month may reflect an interest credit to the borrower.

ASSUMABILITY

Loans are not assumable.

PROPERTY INSURANCE

Property insurance for loans must protect against loss or damage from fire and other hazards covered by the standard extended coverage endorsement. The coverage must provide for claims to be settled on a replacement cost basis. Extended coverage must include, at a minimum, wind, civil commotion (including riots), smoke, hail, and damages caused by aircraft, vehicle, or explosion.

Policies that limit or exclude from coverage (in whole or in part) windstorm, hurricane, hail damages, or any other perils that normally are included under an extended coverage endorsement are not acceptable.

Borrowers may not obtain property insurance policies that include such limitations or exclusions unless they are able to obtain a separate policy or endorsement from another commercial insurer that provides adequate coverage for the limited or excluded peril or from an insurance pool that the state has established to cover the limitations or exclusions.

Additional requirements apply to properties with solar panels that are leased from or owned by a third party under a power purchase agreement or other similar arrangement.

The insurance coverage should reflect one of the following:

- 100% of the insurable value of the improvements, as established by the property insurer (including guaranteed replacement, if applicable); or
- 100% of the Total Estimate of Cost-New per the appraiser; or
- The unpaid principal balance of the mortgage, as long as it at least equals the minimum amount—80% of the insurable value of the improvements—required to compensate for damage or loss on a replacement cost basis. If it does not, then coverage that does provide the minimum required amount must be obtained.

For insurance not addressed in this section, default to Fannie Mae requirements.

Rent Loss Insurance

Rent loss insurance covering a minimum of 6 months of the rental figure used to qualify is required for the subject property on all DSCR transactions.

TRANSACTION TYPES

ELIGIBLE TRANSACTIONS

- Proceeds from the transaction are used to finance the acquisition of the subject property.
- LTV/CLTV based upon the lessor of the sales price or appraised value.

Rate/Term Refinance

- Proceeds from the transaction are used to pay off an existing first mortgage loan and any subordinate loan used to acquire the property.

- Any subordinate loan not used in the acquisition of the subject property provided one of the following apply:
 - Closed end loan, at least 12 months of seasoning has occurred;
 - HELOC, at least 12 months of seasoning has occurred and total draws over the past 12 months are less than \$2,000. HELOC must be closed.

- LTV/CLTV based upon the current appraised value.

Cash-Out Refinance

- A refinance that does not meet the definition of a rate/term refinance
- A mortgage secured by a property currently owned free and clear is considered cash out.
- The payoff of delinquent real estate taxes, federal taxes, state taxes and judgments (60 days or more past due) is considered cash out.
- For investment properties only: The borrower must indicate the purpose of the cash out proceeds. Cash out proceeds must be solely for business purposes.
- Properties listed for sale must be taken off the market **at least 90 days** prior to disbursement of the refinance loan **or a 1 year prepayment penalty is required**.
- Loans not eligible for cash-out:
 - A prior cash out transaction within the last 12 months unless a documented benefit exists.
- See Change Wholesale Matrices for cash-out limits.

Seasoning Requirements:

- Cash-Out Seasoning is defined as the difference between application date of the new loan and prior financing note date or date of purchase.
- If owned for less than 12 months, use lesser of purchase price plus documented improvements or appraised value. If more than 12 months use appraised value.
- Cash-Out Seasoning of less than (6) months is not permitted unless the borrower acquired the property through an inheritance or was legally awarded the property (divorce, separation).
 - If the property was owned by an LLC that is majority-owned or controlled by the borrower(s), the time it was held by the LLC may be counted towards meeting the borrower's six-month ownership requirement.
 - If the property was owned by an inter vivos revocable trust, the time held by the trust may be counted towards meeting the borrower's six-month ownership requirement if the borrower is the primary beneficiary of the trust.

Delayed Financing

- Delayed Financing within 6 months of original purchase is allowed with the following restrictions:
 - The new loan amount can be no more than the actual documented amount of the borrower's initial investment in purchasing the property plus the financing of closing costs, prepaid fees, and points on the new mortgage loan subject to the maximum LTV, CLTV, and HCLTV ratios for the cash-out transaction based on the lower of the initial purchase price or current appraised value.

- The sources of funds for the purchase transaction are documented (such as bank statements, personal loan documents, or a HELOC on another property).
- At least one of the following must exist:
 - No mortgage financing was used to obtain the property.
 - The original purchase transaction is documented by a settlement statement, which confirms that no mortgage financing was used to obtain the subject property. (A recorded trustee's deed or similar alternative confirming the amount paid by the grantee to trustee may be substituted for a settlement statement if a settlement statement was not provided to the purchaser at time of sale).
 - The preliminary title search or report must confirm that there are no existing liens on the subject property, or the existing lien being refinanced was taken out after the property was obtained as evidenced by a copy of the note.
 - If the source of funds used to acquire the property was an unsecured loan or a loan secured by an asset other than the subject property (such as a HELOC secured by another property), the settlement statement for the refinance transaction must reflect that all cash-out proceeds be used to pay off or pay down, as applicable, the loan used to purchase the property. Any payments on the balance remaining from the original loan must be included in the debt-to-income ratio calculation for the refinance transaction.
 - The lender has documented that the borrower acquired the property through an inheritance or was legally awarded the property through divorce, separation, or dissolution of a domestic partnership.
 - Subject loan proceeds can be applied towards reserve requirement.
 - All other rate & term refinance eligibility requirements are met. Rate & Term pricing applies.

NON-ARMS LENGTH AND INTERESTED PARTY TRANSACTIONS

Non-Arm's Length

A non-arm's length transaction occurs when the borrower has a direct relationship or business affiliation with subject property Builder, Developer, or Seller. Examples of non-arm's length transactions include family sales, property in an estate, employer/employee sales and flip transactions.

When the property seller is a corporation, partnership, or any other business entity it must be ensured that the borrower is not an owner of the business entity selling the property.

A non-arm's length transaction is not intended to bail out a family member who has had difficulties making their mortgage payment. A thorough review of the title report in these cases is required as well as the payment history pattern (VOM on the Seller's mortgage).

Interested Party Transaction

A Conflict-Of-Interest Transaction occurs when the borrower has an affiliation or relationship with the Mortgage Broker, Loan Officer, Real Estate Broker or Agent, or any other interested party to the transaction.

In the case of the Mortgage Broker, Loan Officer, or Real Estate Broker/Agent extra due diligence must be exercised. For example, the seller's real estate agent for the subject property may not act as the loan officer for the borrower(s) purchasing the same subject property. An examination of the relationship among the Mortgage

Broker, Title/Escrow Companies, Appraiser, and any other party to the transaction must be closely examined. A Letter of Explanation regarding the relationship between the parties is required.

Non-Arm's Length and Interested Party Transactions Eligibility

- Buyer(s)/Borrower(s) representing themselves as agent in real estate transaction
 - Commission earned by buyer/borrower cannot be used for down payment, closing costs, or monthly PITIA reserves
- Seller(s) representing themselves as agent in real estate transaction is allowed
- Borrower to provide cancelled check verifying the earnest money deposit
- Employer to employee sales or transfers not allowed
- Property trades between buyer and seller not allowed

INTER VIVOS REVOCABLE TRUST

An inter vivos revocable trust is permitted when the trust has an ownership interest in the subject property for all transaction types. The following requirements should be met. Not all requirements may be addressed; Fannie Mae requirements should be followed if these guides are silent.

The trust must be established by one or more natural persons, solely or jointly. The primary beneficiary of the trust must be the individual(s) establishing the trust. The trust must become effective during the lifetime of the person establishing the trust. If the trust is established jointly, there may be more than one primary beneficiary as long as the income or assets of at least one of the individuals establishing the trust will be used to qualify for the mortgage.

The trustee must include either:

- The individual establishing the trust (or at least one of the individuals, if 2 or more); or

- An institutional trustee that customarily performs trust functions in and is authorized to act as trustee under the laws of the applicable state.

The trustee must have the power to hold the title and mortgage the property. This must be specified in the trust. One or more of the parties establishing the trust must use personal income or assets to qualify for the mortgage.

The following documentation is required:

- The trust was validly created and is duly existing under applicable law,
- Attorney's Opinion Letter from the borrower's attorney or Certificate of Trust verifying all the following:
 - The trust is revocable,
 - The borrower is the settler of the trust and the beneficiary of the trust,
 - The trust assets may be used as collateral for a loan,
 - The trustee is:
 - Duly qualified under applicable law to serve as trustee,
 - The borrower,
 - The settler,
 - Fully authorized under the trust documents and applicable law to pledge or otherwise encumber the trust assets.

In lieu of the above, a complete copy of the trust documents certified by the borrower to be accurate, or a copy of the abstract or summary for jurisdictions that require a lender to review and rely on an abstract or summary of trust documents instead of the trust agreements can be provided. The Attorney needs to also verify that the trust has not been revoked, modified, or amended in any manner that would cause the representations to be incorrect.

INELIGIBLE BORROWERS

- Irrevocable Trust
- Land Trust
- Blind Trust
- Life Estate Trust
- Borrowers with diplomatic immunity or otherwise excluded from U.S. jurisdiction
- DACA & asylum applicants
- Any borrower suspended, debarred, or otherwise excluded per the LDP/GSA and/or OFAC/SAM findings

CREDIT

CREDIT REPORTS

Fannie Mae guidelines should be utilized for processing and documenting all required credit reports and determining borrower's credit eligibility.

The credit report used to evaluate a loan may not reflect a security freeze. If the borrower(s) unfreeze credit after the date of the original credit report, a new tri-merged report must be obtained to reflect current and updated information from all repositories.

CREDIT INQUIRIES

Any credit inquiries listed on the report within 90 days of the report date must be explained by the borrower. If new credit was extended borrowers must provide documentation on the current balance and payment. If no credit was extended borrower must state the purpose of the inquiry. Borrowers are obligated to inform the Loan Officer of any new extension of credit, whether unsecured or secured, that takes place during the underwriting process and up to the consummation of the loan.

HOUSING HISTORY

Mortgage payment history is required for the subject property only. If a borrower's mortgage history for the subject property is not reported on the credit report, alternative documentation showing the most recent 12-month history must be provided.

Mortgage Payment History – Forbearance/Payment Deferment Clarification

For recent forbearance: 12 months seasoning required after borrower exits forbearance plan.

Mortgage Payment History Documentation

If adequate mortgage payment history is not included in the borrower's credit report one of the following must be provided to verify the borrower's payment history:

- A standard mortgage verification; **or**
- Loan payment history from the servicer; **or**
- The borrower's canceled checks for the last 12 months; **or**
- The borrower's year-end mortgage account statement provided the statement includes a payment receipt history, and, if applicable, canceled checks for the months elapsed since the year-end mortgage account statement was issued.

For refinance transactions: Short payoffs tied to the subject property are not permitted. A short payoff occurs when the Lender being paid off agrees to accept a balance less than the outstanding loan amount to release their lien on the property.

Only the subject property and primary residence (if owned by the borrower) need to be disclosed on the Schedule of Real Estate Owned.

Any other non-subject properties disclosed on the Schedule of Real Estate do not require mortgage ratings, including the primary residence, if financed. Non-subject mortgages that do not report on credit do not need to be added to the loan application. Rental payment history is not required for borrowers who currently rent.

Note: Any other mortgage late(s) disclosed within the most recent 12 months on the borrower's credit report are still considered for qualifying purposes, whether tied to the subject property or not.

CONSUMER CREDIT

Consumer Credit History

All mortgage accounts must be current at application and remain paid as agreed through closing.

Delinquent credit belonging to ex-spouse can be excluded if the late payments occurred after the divorce/separation, and divorce decree/separation agreement indicates derogatory accounts belong solely to the ex-spouse.

Installment Debt

Installment debt paid off in full or paid at closing may be excluded from the DTI if supported with a credit supplement or evidence of payoff on the Closing Disclosure. The assets used must be sourced if paid off in full after the application date but before closing.

Loans secured by financial assets (i.e., 401k, margin loan, etc.) do not need to be included in the DTI provided the asset balance exceeds the loan balance.

Timeshares

Timeshare obligations will be treated as a consumer installment loan.

Alimony/Child Support

Alimony may be deducted from income rather than included as a liability, provided the alimony payments are tax deductible to the payer. Otherwise, include as a liability. Child support must be included as a liability. Alimony or child support with less than 10 months' payments remaining based on the Note date may be excluded from the DTI, as long as the borrower has the assets to make the remaining payments.

Consumer Credit Charge-Offs and Collections

- Individual or aggregate collection and non-mortgage charge-off accounts totaling greater than \$5,000 must be paid in full prior to or at closing.
- Medical collections may remain open regardless of amount.
- 2nd mortgage or junior lien that has been charged off is subject to foreclosure seasoning periods based upon the charge off date.
- Collections and charge-offs that have expired under the state statute of limitations on debts may be excluded. Evidence of expiration must be documented.

Charge-offs and collections not excluded by the above bullet points must be paid in full or may stay open if additional reserves are documented covering the full balance owed (cash out proceeds may be applied).

Disputed Accounts

When the credit report contains tradelines disputed by the borrower:

- If the tradeline is paid as agreed, no further action is required.
- If the tradeline is tied to a medical debt/collection, no further action is required.
- If the disputed account is reporting any derogatory payments within the most recent 24 months one of the following must be obtained:
 - Provide a credit supplement verifying the disputed information is accurate – must reflect the derogatory payments as removed/erroneous. If the derogatory payments were reported in error

then nothing further is required outside of the credit supplement reporting the accurate payment history.

- If the derogatory payment information is accurate – the dispute must be removed and credit must be repulled to ensure the borrower's qualifying FICOs are directly affected by the recent late payments.

Judgment or Liens

All open judgments, garnishments, and all outstanding liens must be paid off prior to or at loan closing.

Income Tax Liens

All income tax liens (federal, state, local) disclosed on title must be paid off prior to or at loan closing.

Tax liens that do not impact title may remain open provided the following are met;

- The file must contain a copy of the repayment agreement
- A minimum of 6 payments has been made under the plan with all payments made on time

BANKRUPTCY HISTORY

All bankruptcies must be settled at time of application. Evidence of bankruptcy resolution is required. The length of time is measured from the discharge/dismissal date to the note date. Please refer to the program matrices for requirements.

Bankruptcy seasoning required for the Investor program is 36 months (all bankruptcy types).

FORECLOSURE SEASONING

Monthly PITIA = \$650

Estimated Monthly Market Rent (Form 1007) = \$850

Subject Comments

The Beaver Valley subdivision was developed sometime in the late 1960's and early 1970's. There is a small park, field, fire station and water department within the immediate area. All other facilities are located in Payson, which is a 10-20 minute commute. The neighborhood was developed around East Verde River. The river and close proximity to National Forest Land are the attraction to this area. The neighborhood consists of mostly single family residential improvements with some multifamily units. There are both site built and manufactured homes but deed restrictions have since been implemented for site built only housing for any future building. The structures in the area range in quality, size, design, age and appeal. General appearance of the typical property and neighborhood maintenance levels are above average.

Property Characteristics:

It is a custom cabin with a finished lower level, which is typical for these mountainous developments. It has recently been updated throughout and is considered in good condition.

Zoning:

The subject is within a residential zoned area, which is typical for this area.
