

How to Order Human Transcripts

Rev's human-verified transcription delivers the precision criminal defense teams need to uncover exculpatory evidence and build reasonable doubt. Rev makes it easy to order them in a variety of ways.

Method 1: Upgrading Existing AI Transcripts in Your Platform

1. Navigate to your Rev dashboard where your completed AI transcripts are displayed
2. Locate the AI transcript containing the file you need upgraded
3. Click the **ellipsis menu** (...) located next to any completed AI transcript in your transcript list
4. Select **"Start an Order"** from the dropdown menu

Artifacts	Status	
2	Completed	...
1	Completed	...
1		Start an order
1		Share
1		View Details

5. Choose **Human Transcripts** and click continue

Let's get started

Select the output type you'd like to generate for the file below.

An AI transcript has already been automatically generated.
