Strut

Strut is a heterogeneous vinyl made for heavy residential applications and boasting realistic designs. This uncompromising product speaks to confidence in materials and in how it deals with traffic, wear and scuffing. Part of a new generation of ready-to-install flooring, Strut is the perfect choice for the modern home as well as retail and hospitality spaces. Offering realistic reproductions of wood and tile designs available in a sheet, this durable, water-resistant and convenient floor is easy to maintain, comfortable underfoot and soundproof. The heterogeneous vinyl is scratch-resistant and slip proof – perfect for families with young children or grandparents – while the hardy and hygienic PU layer is anti-allergenic, which makes it suitable for people living with allergies or pets.

Product characteristics may vary due to the nature of manufacturing. To combat colour variance do not install more than one dye lot in a single installation. Sample swatches have been cut from an overall design; therefore, the decoration and shades may vary. A difference in appearance from the pattern is likely, as the product is not intended to have a uniform appearance.
