

## DESCRIPTION

**Polytarp vapour corrosion inhibiting (VCI) Film, Protected by ARMOR®**, delivers rust and corrosion protection by combining high-grade polyethylene with **ARMOR's VCI Nanotechnology™**. Ideal for shipping and storage, it forms an invisible shield that blocks moisture, oxygen, and contaminants—keeping metal parts clean, dry, and corrosion-free.

## WHY CHOOSE POLYTARP VCI FILM PROTECTED BY ARMOR

- Advanced Rust Prevention
- Trusted Technology
- Durable and Flexible
- Versatile Formats
- Customizable

## HIGHLIGHTS

- VCI Rust Protection
- Available in Sheeting, Bags, Liners, Tubing & Covers & Shrink Film
- Layflat Widths Up to 96"+
- Thickness 2–10 mil
- Custom Colors & Printing
- Optional UVI Protection

Made in Canada

**BUILT TO PROTECT**

## KEY FEATURES

**Corrosion Prevention:** Embedded VCI additive prevents rust on exposed metals for extended storage and shipping durations.

**Dry Packaging Protection:** Shields against rust without the need for greases or oils - Clean, Safe and Easy-To-Use.

**Flexible Product Formats:** Available in Sheeting, bags, liners, covers, tubing, shrink film & more.

**Custom Sizing:** Layflat widths up to 96" (wider if gusseted), thicknesses from 2 to 10 mil, and custom lengths.

**Durability & UV Resistance:** UVI additives available in 6- or 12-month formulations for outdoor protection.

**Anti-Static & Slip Options:** High-slip, low-slip, and anti-static customizations available.

**Printing & Color Options:** Custom tinted or opaque colours; one-colour random inline printing for logos or lot numbers.

**Made in Canada**

Locally produced to ensure reliable supply and fast turnaround.

## PRODUCT SPECIFICATIONS

- Nitrite-free; contains no secondary amines
- Custom options also available

## APPLICATION

- Automotive & Industrial Metal Parts
- Sea & Land Shipping
- Military & Defence Logistics
- Fishing Gear & Tools
- Electrical and Electronic Equipment
- Construction and Agricultural Machinery

## APPROVED BY & CONFORMS:

- FDA for Use in EquipmentPackaging
- Global OEM Companies
- RoHS - REACH Compliant
- NACE STD TM0208-2013I
