Bibliography on the topic of the research						
Author	Year	Source	Page	Year	Page	Page
LITERATURE	1998	1. The first step in the process of the research is to identify the problem and the research objectives.	1.000.000	1998	1.000.000	1.000.000
	1999	2. The second step is to collect data and information from various sources.				
	2000	3. The third step is to analyze the data and information and draw conclusions.				
	2001	4. The fourth step is to present the results of the research in a clear and concise manner.				
	2002	5. The fifth step is to evaluate the results of the research and discuss the implications.				
	2003	6. The sixth step is to write the final report and submit it to the relevant authorities.				
	2004	7. The seventh step is to publish the results of the research in a journal or book.				
	2005	8. The eighth step is to present the results of the research at a conference or seminar.				
	2006	9. The ninth step is to discuss the results of the research with the relevant stakeholders.				
	2007	10. The tenth step is to evaluate the impact of the research and make recommendations.				
	2008	11. The eleventh step is to write the final report and submit it to the relevant authorities.				
	2009	12. The twelfth step is to publish the results of the research in a journal or book.				
	2010	13. The thirteenth step is to present the results of the research at a conference or seminar.				
	2011	14. The fourteenth step is to discuss the results of the research with the relevant stakeholders.				
	2012	15. The fifteenth step is to evaluate the impact of the research and make recommendations.				
	2013	16. The sixteenth step is to write the final report and submit it to the relevant authorities.				
	2014	17. The seventeenth step is to publish the results of the research in a journal or book.				
	2015	18. The eighteenth step is to present the results of the research at a conference or seminar.				
	2016	19. The nineteenth step is to discuss the results of the research with the relevant stakeholders.				
	2017	20. The twentieth step is to evaluate the impact of the research and make recommendations.				
	2018	21. The twenty-first step is to write the final report and submit it to the relevant authorities.				
	2019	22. The twenty-second step is to publish the results of the research in a journal or book.				
	2020	23. The twenty-third step is to present the results of the research at a conference or seminar.				
	2021	24. The twenty-fourth step is to discuss the results of the research with the relevant stakeholders.				
	2022	25. The twenty-fifth step is to evaluate the impact of the research and make recommendations.				
	2023	26. The twenty-sixth step is to write the final report and submit it to the relevant authorities.				
	2024	27. The twenty-seventh step is to publish the results of the research in a journal or book.				
	2025	28. The twenty-eighth step is to present the results of the research at a conference or seminar.				
	2026	29. The twenty-ninth step is to discuss the results of the research with the relevant stakeholders.				
	2027	30. The thirtieth step is to evaluate the impact of the research and make recommendations.				
	2028	31. The thirty-first step is to write the final report and submit it to the relevant authorities.				
	2029	32. The thirty-second step is to publish the results of the research in a journal or book.				
	2030	33. The thirty-third step is to present the results of the research at a conference or seminar.				
	2031	34. The thirty-fourth step is to discuss the results of the research with the relevant stakeholders.				
	2032	35. The thirty-fifth step is to evaluate the impact of the research and make recommendations.				
	2033	36. The thirty-sixth step is to write the final report and submit it to the relevant authorities.				
	2034	37. The thirty-seventh step is to publish the results of the research in a journal or book.				
	2035	38. The thirty-eighth step is to present the results of the research at a conference or seminar.				
	2036	39. The thirty-ninth step is to discuss the results of the research with the relevant stakeholders.				
	2037	40. The fortieth step is to evaluate the impact of the research and make recommendations.
