## Inpro® Wall Guard Wall Protection

The Inpro® Wall Guard system is designed for wall protection and decoration. These guards are comprised of an aluminum retainer and an extruded vinyl cover. Inpro® wall guards have been tested and meet the Greenguard Environmental Institutes and state of California's requirements for low emitting products.

### Features/Specifications:

- Available in a wide variety of Woodlands wood grain and solid color patterns
- Available in horizontal orientation or as a pair for vertical mounting
- .08" thick scratch and stain resistant vinyl
- 5" of wall protection with a 1" wall protrusion for low profile protection
- Includes mounting fasteners
- Manufactured by Inpro®
