Total Axiom

Vertical Headwall with Custom Cabinetry

The Total Axiom combines ample cabinetry, discreet services, an overbed canopy, and a beautiful, millwork feel in one package. The Total Axiom is stately, elegant, and effective. Perfect for LDRP and long-term care settings, the Total Axiom provides a comforting healing environment with ample services available at a moment's notice.

Features/Specifications:

- Sliding panels conceal services
- Cabinetry offers useful storage space
- Cabinetry is mounted to the headwall with french cleats and secured
- Removable cabinetry panels and headwall fascia for maintenance and renovation access
- Hospital appropriate substrate for cabinetry

Options:

- Finished with HPL or other materials
- Overbed canopies with integrated lighting can be included
- Build to order in any size or configuration
