Article 2 – The Agreement

2.1. These general terms and conditions apply to all agreements between Nu Theorie B.V. ("Nu Theorie") and the student, especially agreements relating to theory training for driving license categories B (car), A (motorcycle), and AM (moped/scooter).

2.2. Nu Theorie makes these general terms available before concluding the agreement, both during the online registration process and on the website www.nutheorie.nl, so the student can review them in a timely manner.

2.3. The agreement is concluded when the student registers via Nu Theorie's website and the registration is confirmed electronically, by phone, or by email.

2.4. For proper processing, the student must provide a correct and active email address. Nu Theorie accepts no liability for damage or shortcomings resulting from incorrect email information provided by the student.

2.5. After registration, the student is registered in the CBR system. Unless the student expressly requests deletion or withdraws authorization, the registration remains and will not be removed by Nu Theorie independently.

Article 3 - Payment, Confirmation, and Day Course Reservations

3.1. Upon registration for the day course, the enrollment is activated as soon as the student has made at least a partial payment that grants access to the online learning materials, or once the payment for the CBR exam fee has been completed. After receiving the payment, the student will receive a personal login code for NuTheorie's digital learning environment. The student can then immediately begin preparing for the day course..

3.2. If no CBR exam is available on the student's preferred dates, Nu Theorie reserves the right to book the exam on an alternative date or location reasonably close to the preferred location. The student has the right to move the reservation once, free of charge, if the CBR system allows. Nu Theorie accepts no liability for changes in date or location due to limited CBR availability.

3.3. Upon registration for the day course, the student pays all or part of the course fee, granting access to the materials and enabling Nu Theorie to reserve the CBR exam. Participation in the day course is only final once full payment of the course and CBR exam fees has been made. If the CBR exam fee is unpaid, Nu Theorie reserves the right to deny course participation, even if part of the course fee has been paid. Nu Theorie pays the CBR exam fee in advance and charges the student accordingly.

3.4. If the CBR exam fee is not paid within the specified deadline, Nu Theorie reserves the right to cancel the registration and reschedule the exam at a date, time, and location determined by Nu Theorie.

Article 4 – Payment and Booking of Online Courses

4.1. Registration for an online course is confirmed:

- a) when a partial payment is made for reserving the CBR exam by Nu Theorie; or
- b) upon full payment if the student reserves the CBR exam independently.

4.2. If no CBR exam is available on preferred dates, Nu Theorie may book an alternative date/location near the preference. The student may move the exam once free of charge if the CBR system permits. Nu Theorie is not liable for date/location changes due to CBR availability.

4.3. If the student does not complete full payment after the initial partial payment, Nu Theorie may:

- a) withhold access to the online course;
- b) disconnect the reserved CBR exam from the course and cease further support;
- c) reschedule the exam to a date and place set by Nu Theorie to avoid unused exam slots. This rescheduled date is final, and the student loses the right to cancel or reschedule for personal reasons. Services are suspended until full payment is received.

Article 5 – Pricing and Payment

5.1. Offers may be made via the website, phone, or email. Course days, exam days, online course packages, online materials, and locations are listed on the Nu Theorie website.
