Beautiful Pokhara

Squeezed between India and Tibet, Nepal ranges from lush subtropical forest to soaring Himalayan peaks. Both geographically and culturally diverse, with a wide range of architecture, food and language, vivid colours and irrepressibly vibrant street life, Nepal is a treat for the senses.

Experience Kathmandu, the greatest city of the Himalaya, custodian of ancient cultural practices and a jewel of world art. Travel beneath ever-present snow-capped peaks to the charming town of Dhulikhel, continue to the serene lakeside setting of Pokhara, and encounter wildlife at close range in the abundant jungle landscape of Chitwan National Park.

This tour offers an in-depth exploration of midwifery, nursing, maternity and paediatric care in Nepal, a country striving to provide

equitable and affordable healthcare to vulnerable communities in remote regions. Engage in professional visits to hospitals, community clinics, and NGOs, such as the Ek Ek Paila Community Hospital and the Rehabilitation Centre for Disabled Children, which play a vital role in bridging healthcare gaps in rural areas. Along the way, you will also experience Nepal's traditions including art, dance and healing bowls, as well as enjoying its delicious cuisine, and breathtaking mountain landscapes.
