Palliative Care in Hungary and Romania

13 – 23 September 2026

Level 3
MODERATE

Bran Castle, Braşov

Both Hungary and Romania possess rich cultural heritages, vibrant cityscapes and spectacular unspoilt countryside. Their imperial histories have produced an eclectic ethnic mix, bringing distinctive spiritual and cultural traditions to a relatively compact region and shaping local attitudes towards life, death and caregiving.

The modern concept of palliative care remained virtually unknown in Hungary and Romania until the early 1990s, as both nations emerged from Communist dictatorships. On this professional tour, David Oliviere will explore how hospice and palliative care have taken root and evolved over the past 30 years.

Travel within your professional community and meet your counterparts, pioneers, and specialists to connect, converse, and learn about the work they are doing to advance palliative care in their respective medical landscapes. The varied itinerary includes visits to the Magyar Hospice, Pécs Medical School, and the renowned Hospice Casa Speranței (House of Hope). You will also meet a rural palliative care team in Făgăraş and visit Bucharest Hope Hospice.

Explore the Old World grandeur of Budapest, where the Danube neatly divides stately Buda from bohemian Pest. Continue to Pécs, a pleasant city founded by the Romans and shaped by Slavic, Avar and Ottoman influences. Cross into Romania's vertiginous Carpathian landscape and encounter the revolutionary spirit of Timișoara. Travel through myth-shrouded Transylvania, rich in Saxon fortifications, and spend three nights in Braşov. Conclude the tour in Bucharest, a city of Byzantine churches, palatial Beaux-Arts architecture and the pompous legacy of 'Ceausima'.

Enjoy comfortable accommodation, traditional flavours and the diverse cultural influences that continue to shape the character and care traditions of Hungary and Romania.

THIS TOUR IS CLASSED AS:
