

Vacuum-Sealed Leak Tester

VSLT

Ideal for the meat industry, the Oxipack VSLT swiftly identifies micro leaks in vacuum-sealed packaging, offering a quick and reliable solution for maintaining product quality.

Features:

- Designed for vacuum-sealed packages with minimal air.
- Built-in vessel and vacuum pump.
- Custom-made exchangeable inserts.

Benefits

Application

Ideal for the meat industry and similar applications.

Efficient

Detects both micro and larger leaks.

Versatile

Versatile for different packaging shapes and sizes.

Technical Specifications:

Dimensions and Weight: 560 x 750 x 1200 mm, (L x W x H), 105 KG

Materials: Stainless Steel, Anodized Aluminium, Polycarbonate, Rubber, Accura Xtreme

Power Supply: 230V 50/60HZ

Size Measuring Chamber: 225 x 130 x 55 mm (L x W x H)

Compliance and IP Rating: CE IP40

Maximum Testing Capacity: 1 test P/M

Connections: Ethernet export, 24VDC logic (free programmable)

Packaging Type: Vacuum

Options: IOT Data, Barcode Scanner, Printer, Line Numbers

Features: Non-destructive, Accurate, Easy to Operate, Direct Result, Robust Design

The Zero Waste Foundation

Dedicated To A Greener Tomorrow

Sustainability isn't just a buzzword for us; it's how we operate. Through the Zero Waste Foundation, we're all about doing right by the planet.

From installing machines remotely to cutting down on travel, to choosing recyclable materials and energy-efficient tech, every choice we make is about reducing our footprint and leading the way to a zero-waste future.
