

Curriculum Enrichment

At Eden Park Primary and Nursery School, we believe learning should be inspiring, memorable, and full of excitement. Through a carefully planned programme of educational visits, residentials and enrichment experiences, we bring learning to life and help pupils connect classroom lessons with the world beyond school.

Where possible, we will offer children opportunities that meet the DfE definition of enrichment. These are **Civic Engagement**, **Arts and Culture**, **Sport and physical activities**, **Nature, outdoors and adventure** and **Developing Wider Life and Future Skills**.

We continue to work on our coverage, and this plan will be updated to reflect this.
