

Garden Host Nomination Form

Each year, the Cincinnati Nature Center carefully curates a collection of gardens for our annual Garden Tour: Noteworthy Natives. We look for residential landscapes that highlight the unique and creative use of native plants across the Cincinnati region.

Our goal is to inspire all who attend by sharing diverse native gardening journeys. We welcome nominations for gardens of all sizes—from small urban plots and container gardens to large established landscapes—as long as native plants are a central feature.

Please use the form below to nominate a garden for the 2027 Garden Tour or beyond.
