

1993 USAC MODIFIED SEASON

Tomasik USAC's 1st Modified Champ

Rick Tomasik captured the 1993 General Tire/USAC Modified Championship on the strength of eight feature victories in 23 starts.

The 36-year-old from Avon, Ind. added seven second-places and a pair of thirds to outdistance Robby Frye for the series title.

"The late-season rain helped a lot," he admits. "Robby was starting to rack up some wins and the rainouts gave us the cushion we needed. He was tough competition. You always knew he'd be right there to challenge. He made things interesting."

Rick raced at the Speedrome in the mid 1980s but hadn't competed there for about seven years. "I decided to come back for the USAC series," he says. Iran pro-stocks there before and once won a 50-lap figure-8 race there. It's a thinking man's track, always busy with traffic and a good place to learn how to race."

After finishing fifth behind Bill Frye in the series debut, he racked up back-to-back victories at the Speedrome in his Suspension Spring/ Hendricks County Auto Parts/Clermont Liquor Store Special and never again trailed in the standings.

"We had no plans to run for the championship," he adds. "But after the first win and then taking the point lead we decided to go for it."

Rick started racing in modifieds at Indianapolis Raceway Park in 1973 and in 1989 got the opportunity to drive a USAC Silver Crown Championship Car at I.R.P. He drove the Dave Hodson #38 and ran 52 laps to finish 15th.

"I've always liked running with USAC and also ran the 4-Crown Nationals once in the Late Models," Tomasik said. "My brother Ron does most of the work on the car with help from Ron Kepler and Dave Johnson. We also found time this year to go to Richmond, Va. and compete in the NASCAR Late Models but ran into engine problems and didn't fare well."
